Subject: Overnight delay on Old Fort Rd. to move oversized equipment
Date: 2023, March 08 4:33:55 PM

Dear Old Fort neighbours,

We want to let you know we are expecting a large equipment move on Old Fort Road beginning tonight March 8 and again tomorrow night, March 9. You can expect a 10 to 20 minute traffic delay between midnight and 1:00 am each night, as the equipment moves from Site C Gate B onto Old Fort Rd.

This work is permitted by the Ministry of Transportation and Infrastructure (MOTI).

We appreciate your patience while we conduct this work.

Regards,
Site C Project team
