Appendix 3. Example of a Recreational Amenity Survey.

Page 1

Peace River Recreational Area Survey

Form #: 4

Surveyor: MM & LS

YEAR 2008

Location of Survey: Lynx Creek RV Park (Site #8)

Date: 22-Aug

Stratum of Survey: Hudson's Hope - Site C (Stratum 2)

Time: 14:03 - 14:34

GPS Coordinates: 5a - access from Highway 29

5b - boat landing

Photo #s: 103 - 104, 108, 109: boat launch; 105 - 107: shoreline

110 - 118: campground

Type of Recreational Area¹: boat access, shoreline access, campsite, picnic area

Confirmed Rec area uses (summer and winter²): fishing, camping, hiking, picnicking, shoreline leisure, birding, snow shoeing

Constraints on rec use³: boat launch / shore access is not plowed in the winter therefore access to the shore would be difficult in deep snow

Access to site: dirt road from Highway 29

Condition of site: well maintained campground, boat launch in decent shape although not a paved launch

Access to water⁴: boat launch

If boat ramp access, type of ramp⁵: grassy slope with embedded rock on a moderate incline

Size/type of boat which can be launched: no obvious restriction, potentially size, width of launch at shoreline is 6m

Peace River Recreational Area Survey

If angling area, type of angling⁶: shoreline or boat angling

Potential hazards to users: N/A

If campground, type of campground⁷: public campground

If campground, type of access: road access from Highway 29

If campground, # of camping sites: 24 sites plus field for tents

If campground, approximate area: ~150m x 500m

Facilities available:

RV service (Y/N): Y (22 sites)

washroom / pit toilet (Y/N): Y (fully functional washroom with showers)

tent pad (Y/N): N

fire pit (Y/N): Y

picnic tables (Y/N): Y

refuse collection (Y/N): Y

Other (please describe): other features present such as playground, horseshoe pits, volleyball net

Shoreline type⁸: grassy shore (some cobble)

Bank direction of river access⁹: North bank of Peace River

Other Comments:

Boat launch may get muddy and rutted if used when wet.

Discussions with campground owner indicated snowshoeing occurs in the winter and cross country skiing is possible but has not been observed.

¹ Type of rec areas: boat access, shoreline access, campsite, picnic area, trail, cabin

² Potential rec area uses: fishing, hunting, birding, wildlife viewing, jet boating, other boating, canoeing, kayaking, swimming, plant gathering, rock / fossil hunting, picnicking, camping, hiking, shoreline lesiure, quad driving, snowmobiling, snowshoeing, cross country skiing, dog sledding and other (please describe)

³ Constraints on rec use: reasons for difficulties accessing property, seasonal constraints, other (please describe)

⁴ Access to water: trail down bank, boat ramp, no trail / bushwhacking down bank, other (please describe)

⁵ Type of ramp: paved, dirt, informal, other (please describe)

⁶ Type of angling: shoreline or boat

⁷ Type of campground: public, primitive maintained, unmaintained / non descript

⁸ Shoreline type: rocky, sandy beach, other (please describe)

⁹ Bank direction: i.e. south bank of Peace River

Appendix 5. Summaries of Recreational Use Sites.

1. Highway 29 Bridge

Date surveyed: August 23, 2008

Photo numbers: Photos 1 - 4

GPS coordinates: N55 59.379 W121 58.893

Stratum: 1

Location: Off of Highway 29 Bridge, southwest of Hudson's Hope.

Type / Description: Shoreline access.

Access: Parking at the southwest end of the Highway 29 Bridge, trail to river.

Confirmed recreational use: Fishing.

Possible constraints on rec use: High water levels can impede shoreline access (both use of the river trail and shoreline). Deep snow can cause the site to be inaccessible.

Type of boat launch: N/A

Possible angling types: Shoreline and boat angling.

Campground details: N/A

Shoreline type: Rocky / shale shoreline.

Bank direction of river access: South bank of Peace River.

Potential hazards to users: Water levels can fluctuate quickly due to the close proximity of the Peace Canyon Dam, swift water currents present, bank trail is treacherous footing.

Photo 1. Shoreline access at Highway 29 Bridge site.

Photo 2. Access trail from parking area at Highway 29 Bridge to shoreline access.

Photo 3. Highway 29 Bridge site potential hazard: warning sign indicating dam upstream, river can rise quickly.

Photo 4. Highway 29 Bridge site potential hazard: treacherous footing on bank trail.

2. *Unmaintained Campsite A*

Date surveyed: September 12, 2008

Photo numbers: Photos 5 - 6

GPS coordinates: N56 00.362 W121 57.313

Stratum: 1

Location: Site is located on an island in the Peace River, just upstream of Alwin Holland Memorial Park.

Type / Description: Unmaintained campsite, also shoreline access and picnic area.

Access: Boat access only.

Confirmed recreational use: Camping.

Possible constraints on rec use: Boat access only so not accessed in winter, swift currents and rapids nearby could impede non motorized boating.

Type of boat launch: N/A

Possible angling types: Shoreline and boat angling.

Campground details: No maintained campsites, beach area to set tents approximately 18x77m, could also set up tents in surrounding forest. Homemade fire pits, homemade tables and old style outhouse area present.

Shoreline type: Rocky shoreline.

Bank direction of river access: East bank of an island in the Peace River.

Potential hazards to users: Water levels can fluctuate quickly due to the close proximity of the Peace Canyon Dam, swift currents and rapids.

Photo 5. Unmaintained Campsite A.

Photo 6. Old style outhouse area at Unmaintained Campsite A.

3. *Alwin Holland Memorial Park*

Date surveyed: August 23, 2008

Photo numbers: Photos 7 - 11

GPS coordinates: N56 00.516 W121 57.110

Stratum: 1

Location: Bodeker Street, off of Highway 29, Hudson's Hope BC.

Type / Description: Public campground, site is also used for shoreline access, picnic area and trails.

Access: Park is drive-in access from Highway 29, water access occurs from several small bush / bank trails.

Confirmed recreational uses: Camping, fishing, and picnicking.

Possible constraints on rec use: Not plowed during winter so difficult access, swift currents and rapids nearby could impede non motorized boating.

Type of boat launch: N/A

Possible angling types: Shoreline and boat angling.

Campground details: The campground is operated and maintained by the District of Hudson's Hope. A total of 12 campsites are present, some have fire pits and picnic tables. Pit toilets and refuse collection available and BBQ pits available for campers or day users of the park.

Shoreline type: Rocky / bedrock shoreline.

Bank direction of river access: North bank of the Peace River.

Potential hazards to users: Water levels can fluctuate quickly due to the close proximity of the Peace Canyon Dam, swift water currents present, steep drop offs along river banks.

Comments: A total of 154 camping units were purchased in 2008.

Photo 7. Shoreline access at Alwin Holland Memorial Park.

Photo 8. Typical bush / bank trail to access the Peace River at Alwin Holland Memorial Park.

Photo 9. Alwin Holland Memorial Park campsite.

Photo 10. Alwin Holland Memorial Park picnic area.

Photo 11. Alwin Holland Memorial Park potential hazard: steep drop offs.

4. *Confluence of Maurice Creek*

Date surveyed: September 12, 2008

Photo numbers: Photo 12

GPS coordinates: N56 01.396 W121 54.618

Stratum: 1

Location: Confluence of Maurice Creek.

Type / Description: Shoreline access.

Access: Drive in access from the second access road on the North side of Highway 29 after crossing the Highway 29 Bridge (South bank of the Peace River). Access road crosses private land.

Confirmed recreational use: Camping.

Possible constraints on rec use: Not plowed during winter so difficult access.

Type of boat launch: N/A

Possible angling types: Shoreline and boat angling.

Campground details: N/A

Shoreline type: Rocky shoreline.

Bank direction of river access: South bank of the Peace River.

Potential hazards to users: Access road often in poor condition.

Photo 12. Maurice Creek confluence shoreline access.

5. *Hudson's Hope Boat Launch*

Date surveyed: August 23, 2008

Photo numbers: Photo 13

GPS coordinates: N56 01.726 W121 54.397

Stratum: 1

Location: D.A. Thomas Road, Hudson's Hope, BC.

Type / Description: Boat launch, also shoreline access.

Access: Launch is accessible via D.A. Thomas Road, water access occurs via the boat launch.

Confirmed recreational uses: Fishing, camping and boating.

Possible constraints on rec use: Boat launch is not plowed during the winter and may require 4 wheel drive vehicle when road is wet.

Type of boat launch: Gravel ramp, width of 13m, no restriction on size or type of boat to launch.

Possible angling types: Shoreline angling (boat angling difficult if other boats launching).

Campground details: N/A

Shoreline type: Rocky shoreline.

Bank direction of river access: North bank of the Peace River.

Potential hazards to users: N/A

Comments: Homemade fire pits present.

Photo 13. Hudson's Hope boat launch.

6. *Lynx Creek Boat Launch*

Date surveyed: August 22, 2008

Photo numbers: Photo 14

GPS coordinates: N56 03.923 W121 50.537

Stratum: 2

Location: Off of Highway 29, northeast of Hudson's Hope.

Type / Description: Boat launch, also shoreline access. Boat launch is maintained by the District of Hudson's Hope.

Access: Launch is accessible off of Highway 29. Water access occurs via the boat launch, rock wall kicker adjacent to boat launch used for fishing.

Confirmed recreational uses: Fishing and boating.

Possible constraints on rec use: May be difficult to access due to snow levels.

Type of boat launch: Concrete ramp, width of 9m, no restriction on size or type of boat to launch.

Possible angling types: Shoreline and boat angling.

Campground details: N/A

Shoreline type: Rocky shoreline.

Bank direction of river access: North bank of the Peace River.

Potential hazards to users: Swift water currents.

Photo 14. Lynx Creek Boat Launch.

7. *Shoreline Access A*

Date surveyed: September 12, 2008

Photo numbers: Photo 15

GPS coordinates: N56 03.993 W121 50.245

Stratum: 2

Location: Off of Highway 29, between Lynx Creek Boat Launch and Lynx Creek RV Park.

Type / Description: Shoreline access.

Access: Shoreline is drive in access from Highway 29.

Confirmed recreational use: Shoreline leisure.

Possible constraints on rec use: Unlikely this gets plowed unless being used for water trucks. Dirt road extends to shoreline but is very wet and muddy therefore unlikely this is used as a launch.

Type of boat launch: Not a true launch.

Angling: Shoreline and boat angling.

Campground details: N/A

Shoreline type: Muddy shoreline, rocky downstream.

Bank direction of river access: North bank of the Peace River.

Potential hazards to users: If used as a boat launch would most likely get stuck in the mud.

Comments: Homemade fire pits and bench on site.

Photo 15. Shoreline Access A.

8. *Lynx Creek RV Park*

Date surveyed: August 22, 2008

Photo numbers: Photos 16 - 17

GPS coordinates: N56 04.117 W121 50.109

Stratum: 2

Location: Off of Highway 29, northeast of Hudson's Hope.

Type / Description: Public campground and boat launch. Site is also used for shoreline access and picnic area.

Access: RV Park is drive in access from Highway 29 and water access occurs via the boat launch.

Confirmed recreational uses: Camping, fishing, boating, hiking, picnicking, shoreline leisure and both birding and snowshoeing in the winter.

Possible constraints on rec use: Campsites are closed in the winter season (mid October – mid April). Boat launch is not plowed during the winter and therefore inaccessible to launch from (dependent on snow levels).

Type of boat launch: Grassy slope with embedded rock, width of 6m, no restriction on size or type of boat to launch.

Angling: Shoreline and boat angling.

Campground details: This is a private, maintained campground with a total of 24 campsites and a large field for additional tents. Of the 24 campsites, 22 sites have power hook-ups for RV service; also present at the campground is a sanitation dump. All sites have fire pits and picnic tables while washrooms with showers, refuse collection and playground facilities are also present.

Shoreline type: Grassy shoreline with some rock.

Bank direction of river access: North bank of the Peace River.

Potential hazards to users: N/A

Comments: In 2007, a total of 1,875 campsite rentals occurred from April 22 to October 7. In addition, approximately 100 visitors used the boat launch, 20 visitors came to walk dogs or hike, 40 visitors came to picnic, 40 visitors came to photograph the river, 50 visitors came to fish and 50 visitors came for BC Rivers Day.

Photo 16. Lynx Creek RV Park boat launch.

Photo 17. Lynx Creek RV Park campsites.

9. *The Gates*

Date surveyed: September 12, 2008

Photo numbers: Photos 18 - 21

GPS coordinates: N56 05.998 W121 48.154

Stratum: 2

Location: Site is located on an island in the Peace River, just upstream of “The Gates Boat Launch”.

Type / Description: Primitive maintained campsite, also shoreline access and picnic area.

Access: Boat access only, bank trail from campsite to shoreline.

Confirmed recreational use: Camping.

Possible constraints on rec use: Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: Main campsite area is approximately 13x22m, also approximately 8x25m and 8x8m cleared spaces for tents in surrounding woods. An outhouse, fire pits (with grill), picnic tables, some covered with a tarp for shelter, firewood and miscellaneous tools such as an axe, rake and shovel, are also on site. Campsite is maintained by local boaters such as the River Rats Club.

Shoreline type: Sandy shoreline.

Bank direction of river access: North bank of an island in the Peace River.

Potential hazards to users: N/A

Comments: Posted with signage indicating name of the site.

Photo 18. The Gates bank trail from the shoreline to campsite.

Photo 19. The Gates campsite area.

Photo 20. The Gates campsite area and amenities.

Photo 21. The Gates campsite amenities.

10. *The Gates Boat Launch*

Date surveyed: September 12, 2008

Photo numbers: Photos 22 - 23

GPS coordinates: N56 06.233 W121 48.558

Stratum: 2

Location: Off of Highway 29, east of Hudson's Hope.

Type / Description: Boat launch, also shoreline access.

Access: Launch is drive-in access from Highway 29, water access occurs via the boat launch.

Confirmed recreational uses: Fishing and boating.

Possible constraints on rec use: Not plowed during the winter, users fish here until too much snow to access.

Type of boat launch: Dirt road extends to shoreline, no actual ramp, width of 9.5m, no restriction on size or type of boat to launch.

Angling: Shoreline and boat angling.

Campground details: N/A

Shoreline type: Fine sediment shoreline.

Bank direction of river access: North bank of the Peace River.

Potential hazards to users: Access occurs on a dangerously sharp highway turn.

Photo 22. The Gates boat launch (access road view).

Photo 23. The Gates boat launch (shoreline view).

11. Unmaintained Campsite B

Date surveyed: September 12, 2008

Photo numbers: Photos 24 - 26

GPS coordinates: N56 06.655 W121 46.166

Stratum: 2

Location: Site is located on an island in the Peace River, between Lynx and Farrell Creeks.

Type / Description: Unmaintained campsite, also shoreline access and picnic area.

Access: Boat access only, bank trail from campsite to shoreline.

Confirmed recreational use: Fishing.

Possible constraints on rec use: Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: No maintained campsites, cleared area of approximately 8x11m where tents could be set and additional small areas in surrounding woods. Homemade fire pits (some with grills) and firewood also present.

Shoreline type: Rocky shoreline on the south side of the island tip, fine sediment / grassy shoreline on the north side of the island tip.

Bank direction of river access: Site is located on the tip of an island (both north and south banks of the river).

Potential hazards to users: Bank trail is treacherous footing.

Photo 24. Bank trail at Unmaintained Campsite B.

Photo 25. Unmaintained Campsite B.

Photo 26. Example of a small area in surrounding woods of Unmaintained Campsite B where additional tents could be set.

12. Unmaintained Campsite C

Date surveyed: September 12, 2008

Photo numbers: Photos 27 - 28

GPS coordinates: N56 06.605 W121 45.425

Stratum: 2

Location: Site is located on an island in the Peace River, downstream of Unmaintained Campsite B (between Lynx and Farrell Creeks).

Type / Description: Unmaintained campsite, also shoreline access and picnic area.

Access: Boat access only, bank trail from campsite to shoreline.

Confirmed recreational use: Camping.

Possible constraints on rec use: Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: No maintained campsites, cleared area of approximately 8x14m where tents could be set and additional small areas in surrounding woods. Amenities present on site include a homemade fire pit with grill, firewood and homemade table.

Shoreline type: Fine sediment / grassy shoreline with some cobble.

Bank direction of river access: South bank of an island in the Peace River.

Potential hazards to users: Potential windfall trees.

Photo 27. Potential area for setting up tents at Unmaintained Campsite C.

Photo 28. Amenities present at Unmaintained Campsite C.

13. Unmaintained Campsite D

Date surveyed: September 12, 2008

Photo numbers: Photos 29 - 30

GPS coordinates: N56 07.006 W121 44.466

Stratum: 2

Location: Site is located on an island in the Peace River, downstream of Unmaintained Campsite C (between Lynx and Farrell Creeks).

Type / Description: Unmaintained campsite, also shoreline access and picnic area.

Access: Boat access only, bank trail from campsite to shoreline.

Confirmed recreational use: Camping.

Possible constraints on rec use: Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: No maintained campsites, two cleared areas of approximately 6x6m and 6x15m where tents could be set, homemade fire pits also on site.

Shoreline type: Fine sediment / grassy shoreline.

Bank direction of river access: North bank of an island in the Peace River.

Potential hazards to users: Bank trail is treacherous footing.

Photo 29. Unmaintained Campsite D.

Photo 30. Bank trail at Unmaintained Campsite D.

14. Farrell Creek

Date surveyed: August 22 and September 12, 2008.

Photo numbers: Photos 31 - 32

GPS coordinates: N56 07.166 W121 44.051

Stratum: 2

Location: Confluence of Farrell Creek.

Type / Description: Shoreline access.

Access: Users park at Farrell Creek bridge crossing on Highway 29 and walk down the creek to the confluence with the Peace River.

Confirmed recreational use: Fishing.

Possible constraints on rec use: Difficult to access during winter (dependent on snow levels).

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: N/A

Shoreline type: Rocky shoreline.

Bank direction of river access: North bank of the Peace River.

Potential hazards to users: If entering Farrell Creek at the bridge (to walk to confluence) rip rapped bank poses dangerous footing.

Photo 31. Farrell Creek confluence shoreline access.

Photo 32. Rip rap bank of Farrell Creek at Highway 29 Bridge.

15. Hawk Island

Date surveyed: September 12, 2008

Photo numbers: Photos 33 - 34

GPS coordinates: N56 08.034 W121 38.563

Stratum: 2

Location: Site is located on an island in the Peace River, downstream of Farrell Creek.

Type / Description: Primitive maintained campsite, also shoreline access and picnic area.

Access: Boat access only, bank trail from campsite to shoreline.

Confirmed recreational use: Camping.

Possible constraints on rec use: Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: Campsite consists of the main area with amenities and room for tents, approximately 11x25m, a clearing on the point of the island approximately 6x6m where tents may be set and additional spaces for tents in the surrounding woods. An outhouse, fire pit (with grill), picnic table, homemade tables and old style outhouse area are present on site. Campsite is maintained by local boaters such as the River Rats Club.

Shoreline type: Grassy shoreline, some cobble.

Bank direction of river access: North bank of an island in the Peace River.

Potential hazards to users: N/A

Photo 33. Hawk Island campsite with amenities.

Photo 34. Clearing for tents at the Hawk Island campsite.

16. Unmaintained Campsite E

Date surveyed: August 24 & September 12, 2008

Photo numbers: Photos 35 - 36

GPS coordinates: **Campsite: N56 08.807 W121 36.707**

Main shoreline access: N56 08.771 W121 36.843

Stratum: 2

Location: Off of Highway 29, between Farrell Creek and the Halfway River.

Type / Description: Unmaintained campsite, shoreline access, picnic area.

Access: Access road off of Highway 29; can drive to campsite and shoreline access (access road splits to both locations a few hundred meters from the river). Access road crosses private land.

Confirmed recreational use: Camping and canoeing.

Possible constraints on rec use: Unlikely access road is plowed in winter so recreational use would be impeded. Unpaved access road requires four wheel drive vehicle, may be too wet at times for any vehicle.

Type of boat launch: Not a true launch.

Angling: Shoreline and boat angling.

Campground details: Campsite consists of the main area with fire pits, firewood and a cleared area for tents, approximately 4x20m, an adjacent small clearing for tents, approximately 4x5m and an additional open area at the end of the access road, approximately 15x20m. Also a large, open space at the shoreline where camping could occur.

Shoreline type: Fine sediment / grassy / cobble shoreline.

Bank direction of river access: North bank of the Peace River.

Potential hazards to users: Access road often in poor condition.

Comments: The shoreline access at this site may be used as a boat launch but very unlikely given the rough condition of the access road (potential for boats and trailers to suffer damage).

Photo 35. Drive-in shoreline access at Unmaintained Campsite E.

Photo 36. Main camping area at Unmaintained Campsite E.

17. Halfway River Bridge Boat Launch

Date surveyed: August 22 & September 11 - 12, 2008

Photo numbers: Photos 37 - 40

GPS coordinates: Main boat launch: N56 12.970 W121 26.437

Secondary boat launch: N56 12.735 W121 25.834

Shoreline access of Peace River: N56 12.467 W121 28.132

Stratum: 2

Location: Off of Highway 29, east of Hudson's Hope.

Type / Description: Boat launch, also shoreline access.

Access: Boat launch is off of Highway 29, east side of bridge. The road then extends few hundred meters to a backchannel and then to the Peace River, this area occasionally used as a boat launch when the main launch is in poor condition. Also another access road to the shoreline on the west side of the bridge (shoreline of both the Halfway River and Peace River). Several bank trails along west side access road.

Confirmed recreational use: Camping and boating.

Possible constraints on rec use: Launch area is not plowed in winter so accessing shoreline can be difficult dependent on snow levels. 4-wheel drive vehicle may be required for access road on the east side of the bridge to the backchannel and secondary launch and access road on the west side of the bridge to the shoreline.

Type of boat launch: Main launch: dirt road extends to shoreline of the Halfway River, no actual ramp, width of 37m, no restriction on size or type of boat to launch. Secondary launch: access road extends to shoreline of the Peace River, width of approximately 30m, no restriction on size or type of boat to launch.

Angling: Shoreline and boat angling.

Campground details: N/A

Shoreline type: Fine sediment / some rock.

Bank direction of river access: North bank of the Peace River.

Potential hazards to users: Could potentially get stuck on access roads on east and west sides of bridge (roads may be too wet).

Comments: Several homemade fire pits and large cleared areas for camping present on both sides of the bridge.

Photo 37. Halfway River Bridge boat launch.

Photo 38. Shoreline access (of the Peace River), east side of the Halfway River Bridge, occasionally used as boat launch.

Photo 39. Shoreline access (of the Halfway River) from west side of the Halfway River Bridge looking east.

18. Shoreline Access B

Date surveyed: September 11, 2008

Photo numbers: Photo 41

GPS coordinates: N56 14.736 W121 31.647

Stratum: 2

Location: Halfway River, upstream of Highway 29 Bridge crossing.

Type / Description: Shoreline access.

Access: Access only by boat, all terrain vehicle or snowmobile.

Confirmed recreational use: Hunting.

Possible constraints on rec use: Only accessible by boat, all terrain vehicle or snowmobile.

Type of boat launch: N/A

Angling: Shore angling and boat angling.

Campground details: N/A

Shoreline type: Rocky shoreline.

Bank direction of river access: Southwest bank of the Halfway River.

Potential hazards to users: Boating is difficult in summer low water levels.

Photo 41. Shoreline Access B on the Halfway River.

19. Unmaintained Campsite F

Date surveyed: September 11, 2008

Photo numbers: Photo 42

GPS coordinates: N56 14.172 W121 35.123

Stratum: 2

Location: Halfway River, upstream of Shoreline Access B.

Type / Description: Unmaintained campsite, also shoreline access.

Access: Boat access only, no obvious bank trails.

Confirmed recreational use: Camping and hunting.

Possible constraints on rec use: Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: No maintained sites, hunters are known to camp in this area, remnants of old fire pits have been observed.

Shoreline type: Rocky shoreline.

Bank direction of river access: Southwest bank of the Halfway River.

Potential hazards to users: Boating is difficult in summer low water levels.

Photo 42. Unmaintained Campsite F.

20. *Rotary*

Date surveyed: September 11, 2008

Photo numbers: Photos 43 - 44

GPS coordinates: N56 13.943 W121 22.619

Stratum: 2

Location: Site is located on an island in the Peace River.

Type / Description: Primitive maintained campsite, also shoreline access and picnic area.

Access: Boat access only.

Confirmed recreational use: Camping.

Possible constraints on rec use: Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: Campsite consists of a cleared area where tents may be set, approximately 11x42m, an outhouse, homemade fire pits, picnic tables and a shelter area with a picnic table, bench and shelf. Campsite is maintained by local boaters such as the River Rats Club.

Shoreline type: Rocky shoreline.

Bank direction of river access: South bank of an island in the Peace River.

Potential hazards to users: N/A

Photo 43. Rotary campsite.

Photo 44. Rotary campsite shelter area.

21. *Beaver House*

Date surveyed: September 11, 2008

Photo numbers: Photos 45 - 46

GPS coordinates: N56 14.259 W121 17.201

Stratum: 2

Location: Site is located on an island in the Peace River, downstream of the “Rotary” campsite.

Type / Description: Primitive maintained campsite, also shoreline access and picnic area.

Access: Boat access only.

Confirmed recreational use: Camping.

Possible constraints on rec use: Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: Main campsite area consists of open areas approximately 4x10m and 14x18m where tents could be set, an outhouse, picnic table, fire pit with a grill and firewood. Campsite is maintained by local boaters such as the River Rats Club.

Shoreline type: Fine sediment / grassy shoreline.

Bank direction of river access: South bank of an island in the Peace River.

Potential hazards to users: N/A

Photo 45. Beaver House campsite with fire pit.

Photo 46. Beaver House campsite with picnic table.

22. *Waterfalls*

Date surveyed: September 13, 2008

Photo numbers: Photos 47 - 48

GPS coordinates: N56 15.884 W121 13.174

Stratum: 2

Location: Located on the south bank of the Peace River, just downstream of Cache Creek.

Type / Description: Scenic location, also shoreline access.

Access: Boat access only.

Confirmed recreational use: Shoreline leisure.

Possible constraints on rec use: Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: N/A

Shoreline type: Fine sediment.

Bank direction of river access: South bank of the Peace River.

Potential hazards to users: Trail up the falls has slippery footing.

Comments: There is a hiking trail that leads off from the top of the Waterfalls.

Photo 47. The Waterfalls on the south bank of the Peace River (downstream of Cache Creek).

Photo 48. Natural trail meandering up the Waterfalls.

23. *Unmaintained Campsite G*

Date surveyed: September 13, 2008

Photo numbers: Photos 49 - 52

GPS coordinates: N56 14.830 W121 09.773

Stratum: 2

Location: Site is located between Cache and Wilder Creeks.

Type / Description: Unmaintained campsite, also shoreline access and picnic area.

Access: Boat access only, bank trail from the campsite to a side channel of the Peace River (campsite is approximately 50m upstream within the side channel from the river).

Confirmed recreational use: Camping.

Possible constraints on rec use: Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: Main campsite area is approximately 6x7m, also numerous small clearings surrounding the main site where tents could be set. Homemade fire pits, firewood, axes, benches and also chairs, tables and footrests carved from logs are present on site.

Shoreline type: Rocky shoreline, some areas fine sediment also.

Bank direction of river access: South bank of the Peace River.

Potential hazards to users: Potential windfall trees.

Photo 49. Unmaintained Campsite G.

Photo 50. Homemade log chair at Unmaintained Campsite G.

Photo 51. Homemade log table at Unmaintained Campsite G.

Photo 52. View of the Peace River from Unmaintained Campsite G.

24. *Limestone*

Date surveyed: September 13, 2008

Photo numbers: Photos 53 - 55

GPS coordinates: N56 13.071 W121 04.351

Stratum: 2

Location: Downstream of Wilder Creek.

Type / Description: Primitive maintained campsite, also shoreline access and picnic area.

Access: Access to site either by boat, all terrain vehicle or snowmobile; bank trail from campsite to shoreline.

Confirmed recreational use: Camping and hunting.

Possible constraints on rec use: Limited access, in particular only access in winter is via snowmobile.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: Main campsite area consists of many small areas where tents can be set (3x12m, 10x10m and 7x10m), an outhouse, fire pit with grill, picnic table, firewood and homemade bench. Campsite is maintained by local boaters such as the River Rats Club.

Shoreline type: Fine sediment / cobble shoreline.

Bank direction of river access: South bank of the Peace River.

Potential hazards to users: N/A

Comments: Posted with signage indicating name of the site and GPS coordinates. River banks surrounding the campsite are damaged from all terrain vehicles.

Photo 53. Limestone campsite (with view of the Peace River).

Photo 54. Limestone campsite with amenities.

Photo 55. Small clearing for tent at Limestone campsite.

25. *Primitive Maintained Campsite A*

Date surveyed: July 23, 2009

Photo numbers: Photos 56 - 57

GPS coordinates: N56 13.593 W121 00.143

Stratum: 2

Location: Upstream end of island with Eagle Nest campsite.

Type / Description: Primitive maintained campsite, also shoreline access and picnic area.

Access: Boat access only, bank trail from campsite to Peace River.

Confirmed recreational use: Camping.

Possible constraints on rec use: Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: Campsite has an outhouse, fire pit, picnic table, homemade table and firewood on site. Tents may be set in the main cleared area, approximately 11x16m, and throughout small open pockets adjacent to this. Campsite is maintained by local boaters such as the River Rats Club.

Shoreline type: Rocky / fine sediment / grassy shoreline.

Bank direction of river access: Tip of an island in the Peace River.

Potential hazards to users: N/A

Comments: Unlike all other primitive maintained campsites described in this report, this site was not named either with posted signage or on the River Rats site map.

Photo 56. Primitive Maintained Campsite A.

Photo 57. Small area adjacent to main clearing on Primitive Maintained Campsite A where additional tents could be set.

26. *Eagle Nest*

Date surveyed: September 13, 2008

Photo numbers: Photos 58 - 59

GPS coordinates: N56 13.741 W120 59.094

Stratum: 2

Location: Downstream end of island with Primitive Maintained Campsite A.

Type / Description: Primitive maintained campsite, also shoreline access and picnic area.

Access: Boat access only, bank trail from campsite to Peace River.

Confirmed recreational use: Camping.

Possible constraints on rec use: Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: Campsite has an outhouse, fire pit with grill, picnic table and small clearings where tents may be set (approximately 4x7m and 5x5m). Campsite is maintained by local boaters such as the River Rats Club.

Shoreline type: Fine sediment / grassy shoreline.

Bank direction of river access: Tip of an island in the Peace River.

Potential hazards to users: N/A

Comments: Posted with signage indicating name of the site and GPS coordinates.

Photo 58. Eagle Nest campsite.

Photo 59. Juvenile Bald Eagle present at Eagle Nest campsite.

27. *Shoreline Access C*

Date surveyed: September 13, 2008

Photo numbers: Photo 60

GPS coordinates: N56 13.708 W120 57.775

Stratum: 2

Location: Downstream of Eagle Nest campsite.

Type / Description: Shoreline access.

Access: Dirt road access from Road 273 to shoreline (requires 4-wheel drive vehicle).

Confirmed recreational use: Canoeing and hiking.

Possible constraints on rec use: Access road may be too wet at times to be passable, unlikely this is plowed in the winter therefore access would be restricted.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: N/A

Shoreline type: Rocky shoreline upstream, fine sediment downstream.

Bank direction of river access: North bank of the Peace River.

Potential hazards to users: N/A

Comments: Homemade fire pits present.

Photo 60. Shoreline Access C.

28. *Unmaintained Campsite H*

Date surveyed: September 13, 2008

Photo numbers: Photos 61 - 62

GPS coordinates: N56 12.499 W120 55.701

Stratum: 2

Location: Upstream of the Moberly River confluence.

Type / Description: Unmaintained campsite, also shoreline access and picnic area.

Access: Boat, all terrain vehicle or snowmobile access only; bank trail access to shoreline.

Confirmed recreational use: Camping.

Possible constraints on rec use: Limited access, in particular only access in winter is via snowmobile.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: Main camping area is approximately 9x9m with an outhouse, homemade fire pit with grill, firewood, bench and table. There is also an adjacent field on the shoreline, approximately 25x35m where tents may be set up.

Shoreline type: Fine sediment / grassy shoreline.

Bank direction of river access: North bank of the Peace River.

Potential hazards to users: N/A

Comments: Cows grazing throughout site.

Photo 61. Unmaintained Campsite H.

Photo 62. Adjacent field on the shoreline where tents could be set at Unmaintained Campsite H (bank trail to main campsite visible).

29. *Birch Camp*

Date surveyed: September 13, 2008

Photo numbers: Photo 63

GPS coordinates: N56 11.583 W120 54.833

Stratum: 2

Location: Downstream of the Moberly River.

Type / Description: Primitive maintained campsite, also shoreline access and picnic area.

Access: Boat access only, bank trail from campsite to shoreline.

Confirmed recreational use: Camping.

Possible constraints on rec use: Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: Main campsite area is approximately 8x11m; tents can also be set in small clearings in surrounding woods. Amenities present are an outhouse, fire pit with grill, picnic table, hanging pole for hunting and a teepee with a fir bow floor. Campsite is maintained by local boaters such as the River Rats Club.

Shoreline type: Rocky shoreline.

Bank direction of river access: South bank of the Peace River.

Potential hazards to users: Potential windfall trees; bank trail is treacherous footing.

Comments: Posted with signage indicating name of the site and GPS coordinates.

Photo 63. Birch Camp campsite.

30. Peace Island Park

Date surveyed: August 22, 2008

Photo numbers: Photos 64 - 68

GPS coordinates: **Boat Launch section: N56 08.118 W120 40.439**

Island section: N56 08.016 W120 41.093

Stratum: 3

Location: 5894 / 5958 Big Bam Road, off of Alaska Highway, Taylor BC.

Type / Description: Public campground and boat launch. Site is also used for shoreline access, picnic area and trail. Park occurs in two main locations, first area consists of boat launch and 60 camp sites while Island location consists of an additional 39 campsites.

Access: Park is drive-in access from the Big Bam Road off of the Alaska Highway. Water access occurs via the boat launch and several small bush / bank trails.

Confirmed recreational use: Fishing, camping, boating, picnicking, cross country skiing, snowshoeing and dog sledding.

Possible constraints on rec use: Campsites are closed in the winter season (mid November – early April). The main road to the boat launch is plowed inconsistently so use of the launch is dependent on current conditions.

Type of boat launch: Concrete ramp, width of 17m, no restriction on size or type of boat to launch.

Angling: Shoreline angling, generally too much boat traffic for boat angling.

Campground details: The campground is operated and maintained by the District of Taylor. Campsites occur within the two main areas of the park; 60 sites with power hook-ups for RV service are present in the first section of park containing the boat launch and 39 tent sites are present in the Island section of the park (all drive-in sites). All camping areas have pit toilets, playgrounds and refuse collection while all individual sites have fire pits and picnic tables.

A total of 5 group campsites are also available upon request but are not advertised. These sites are located approximately 1.5 km further down the Big Bam Road (from the Island sites) and consist of an open area with only fire pits and picnic tables (Troy Gould, District of Taylor, pers. comm.).

Shoreline type: Rocky shoreline surrounding the boat launch and fine sediment / grassy shoreline downstream of the boat launch and throughout the Island section of the park.

Bank direction of river access: South bank of the Peace River.

Potential hazards to users: Heavy boat traffic and swift water currents.

Comments: A total of 5,468 camping units were purchased in 2007, the majority of which occurred from June to August (one camping unit is equivalent to one night of camping per site, regardless of number of campers per site; see Appendix 6).

Photo 67. Campsite with no RV service in the Island section of Peace Island Park.

Photo 68. Day-use picnic facilities available within Peace Island Park.

31. Curl Camp

Date surveyed: September 13, 2008

Photo numbers: Photos 69 - 71

GPS coordinates: N56 06.173 W120 26.125

Stratum: 3

Location: Between Eight Mile Creek and the Beatton River.

Type / Description: Primitive maintained campsite.

Access: Boat access only, partial bank trail from campsite to shoreline.

Confirmed recreational use: Camping.

Possible constraints on rec use: Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: Main campsite area is approximately 8x16m, also an adjacent grassy area approximately 7x40m and several small clearings in the surrounding woods where tents could be set. Campsite amenities include an outhouse, fire pit with a grill, firewood, picnic table and teepee made of sticks. Campsite is maintained by local boaters such as the River Rats Club.

Shoreline type: Rocky shoreline.

Bank direction of river access: South bank of an island in the Peace River.

Potential hazards to users: Potential windfall trees; bank trail is treacherous footing.

Comments: Posted with signage indicating name of the site and GPS coordinates.

Photo 69. Curl Camp campsite.

Photo 70. Small clearing for tent at Curl Camp.

Photo 71. Teepee at Curl Camp campsite.

32. *Confluence of Beatton River*

Date surveyed: September 13, 2008

Photo numbers: Photos 72 - 74

GPS coordinates: **Unmaintained campsite: N56 06.122 W120 22.787**

Shoreline access: N56 05.986 W120 23.429

Stratum: 3

Location: Confluence of the Beatton River.

Type / Description: Unmaintained campsite, also shoreline access and picnic area.

Access: Dirt access road from the east end of Baldonnel Road; access road splits close to the shoreline, road extends to shoreline access or campsite.

Confirmed recreational use: Fishing, camping and canoeing.

Possible constraints on rec use: May only be passable with 4-wheel drive vehicle during wet conditions; not plowed in the winter hence snowmobile access only.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: Main campsite area is approximately 9x19m and an additional small area of approximately 4x6m where tents may be set up. Also a homemade fire pit and BBQ present on site.

Shoreline type: Fine sediment shoreline at campsite, rocky shoreline at shoreline access.

Bank direction of river access: North bank of the Peace River (shoreline access) and the west bank of the Beatton River (campsite).

Potential hazards to users: Slippery footing along shoreline at campsite.

Photo 72. Shoreline access at Beatton River.

Photo 73. Unmaintained campsite at Beatton River.

Photo 74. Unmaintained campsite amenities at Beatton River.

33. *Confluence of Kiskatinaw River*

Date surveyed: September 13, 2008

Photo numbers: Photos 75 - 76

GPS coordinates: N56 05.446 W120 09.873

Stratum: 3

Location: Confluence of the Kiskatinaw River.

Type / Description: Shoreline access.

Access: Dirt access road from the west end of Road 230; access road extends to shoreline.

Confirmed recreational use: Shoreline leisure.

Possible constraints on rec use: Need 4-wheel drive vehicle for access road; not plowed in the winter hence snowmobile access only.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: N/A

Shoreline type: Rocky / fine sediment shoreline.

Bank direction of river access: South bank of the Peace River.

Potential hazards to users: Getting stuck on access road.

Comments: Homemade fire pits and all terrain vehicle tracks present.

Photo 75. Kiskatinaw River shoreline (confluence of Kiskatinaw River view).

Photo 76. Kiskatinaw River shoreline (Peace River view).

34. *Blackfoot Park / “Clayhurst”*

Date surveyed: August 23, 2008

Photo numbers: Photos 77 - 81

GPS coordinates: N56 07.495 W120 03.315

Stratum: 3

Location: Located next to the Clayhurst Bridge crossing of the Peace River off of Rolla Road #3.

Type / Description: Public campground and boat launch - boat launch is posted as closed. Site is also used for shoreline access and picnic area.

Access: Park is drive-in access from Rolla Road #3. Water access occurs via the boat launch and surrounding shoreline (can drive to the shoreline) and few small bush / bank trails.

Confirmed recreational use: Fishing and camping.

Possible constraints on rec use: Boat launch is currently closed and the park is not plowed so winter access is difficult dependent on snow levels.

Type of boat launch: Concrete ramp, width of 7m, and adjacent gravel area of 14m width which can be used, no restriction on size or type of boat to launch. However boat launch is currently posted as closed and the Peace River Regional District website recommends not to use the launch.

Angling: Shoreline and boat angling.

Campground details: The campground is operated and maintained by the Peace River Regional District from mid May to mid September (weekly maintenance) and there is no fee for the user. There are a total of 15 campsites with fire pits and picnic tables; pit toilets, refuse collection and playground facilities are also present.

Shoreline type: Rocky / fine sediment shoreline.

Bank direction of river access: South bank of the Peace River.

Potential hazards to users: There is a drop off and large piece of concrete protruding from the water at the end of the boat launch; swift water currents underneath Clayhurst Bridge.

Comments: Annual usage is not recorded at Blackfoot Park.

Photo 77. Blackfoot Park boat launch.

Photo 78. Sign indicating Blackfoot Park boat launch is closed.

Photo 81. Blackfoot park potential hazard: large piece of concrete at end of boat launch.

35. *Shoreline access D*

Date surveyed: July 23, 2009

Photo numbers: Photo 82

GPS coordinates: N56 07.998 W120 42.541

Stratum: 4

Location: Pine River, upstream of confluence with Peace River.

Type / Description: Shoreline access.

Access: Dirt road access from Big Bam Road (off of Alaska Highway).

Confirmed recreational uses: Swimming, shoreline leisure, fishing, picnicking, camping, canoeing and tubing.

Possible constraints on rec use: Pine River frozen in the winter. Access road may become very wet at times, too muddy to consider launching boats. Unlikely this is plowed in the winter therefore access would be restricted.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: N/A

Shoreline type: Fine sediment shoreline.

Bank direction of river access: South bank of the Pine River.

Potential hazards to users: Slippery footing due to sediment.

Comments: Homemade fire pits present, garbage littered throughout site, users known to camp all along access road. Users often cross back channel when dry and park vehicles on gravel bar in the mainstem Pine River.

Photo 82. Shoreline access D.

36. Shoreline access E

Date surveyed: July 23, 2009

Photo numbers: Photos 83 - 84

GPS coordinates: N56 08.139 W120 43.694

Stratum: 4

Location: Pine River, upstream of confluence with Peace River (upstream of Shoreline access D).

Type / Description: Shoreline access.

Access: Dirt road access from Big Bam Road (off of Alaska Highway).

Confirmed recreational uses: Swimming, shoreline leisure, fishing, picnicking, camping, canoeing and tubing.

Possible constraints on rec use: Pine River frozen in the winter. Need to drive across back channel to access island (main area of the site). Access road may become very wet at times, too muddy to consider launching boats. Unlikely access road is plowed in the winter therefore access would be restricted.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: N/A

Shoreline type: Rocky / fine sediment shoreline, large woody debris present.

Bank direction of river access: South bank of the Pine River.

Potential hazards to users: Slippery footing due to sediment.

Comments: Homemade fire pits and all terrain vehicle tracks present.

Photo 83. Island area of Shoreline access E.

Photo 84 Back channel which recreational users cross to access site Shoreline access E.

37. *Swimming Hole*

Date surveyed: July 23, 2009

Photo numbers: Photos 85 - 87

GPS coordinates: N56 08.889 W120 48.577

Stratum: 4

Location: Pine River, downstream from Cabin A.

Type / Description: Primitive maintained campsite.

Access: Boat access only; bank trail from campsite to shoreline has been destroyed from flooding.

Confirmed recreational uses: Camping, swimming, picnic, shoreline leisure.

Possible constraints on rec use: Pine River frozen in the winter. Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: Main campsite area is approximately 18x25m, would need to clear areas to set tents. Rec users also camp on island along back channel. Campsite amenities include an outhouse, fire pit, firewood, picnic table, fire pit bench and tie up rings for boats. Campsite is maintained by local boaters such as the River Rats Club.

Shoreline type: Rocky / fine sediment shoreline.

Bank direction of river access: South bank of Pine River.

Potential hazards to users: Bank trail is non existent now so treacherous footing scaling bank.

Comments: Posted with signage indicating name of the site and GPS coordinates.

Photo 85. Swimming Hole camp site with view of shale cliffs across the Pine River.

Photo 86. View from Swimming Hole campsite of island and back channel also used by recreational users.

Photo 87. Tie up rings for boats.

38. *Cabin A*

Date surveyed: July 23, 2009

Photo numbers: Photos 88 - 89

GPS coordinates: N56 07.621 W120 52.901

Stratum: 4

Location: Pine River, upstream of Swimming Hole camp site.

Type / Description: Cabin.

Access: Boat access only; bank trail from cabin to shoreline.

Confirmed recreational uses: Camping.

Possible constraints on rec use: Pine River frozen in the winter. Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: N/A

Shoreline type: Rocky shoreline.

Bank direction of river access: South bank of Pine River.

Potential hazards to users: Bank trail footing is dangerous.

Comments: Outside amenities include an outhouse, fire pit with grate, picnic table, firewood, bench, shed and children's area with toys and a swing.

Photo 88. Cabin A.

Photo 89. Cabin A amenities.

39. *Cabin B*

Date surveyed: July 23, 2009

Photo numbers: Photos 90 - 91

GPS coordinates: N56 06.780 W120 53.742

Stratum: 4

Location: Pine River, upstream of Swimming Hole camp site.

Type / Description: Cabin.

Access: Boat access only; bank trail from cabin to shoreline with metal stairs.

Confirmed recreational use: Camping.

Possible constraints on rec use: Pine River frozen in the winter. Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: N/A

Shoreline type: Rocky shoreline.

Bank direction of river access: South bank of Pine River.

Potential hazards to users: Bank trail footing is dangerous.

Comments: Cabin is locked; equipped with bed, table, sink, lamps and firewood. Other amenities include an outhouse, fire pit with numerous benches and chairs and tools scattered outside. Surrounding area outside (approximately 40x20m) where tents could be set; fresh game tracks surrounding cabin, assume cabin is used for hunting.

Photo 90. Cabin B with various amenities outside.

Photo 91. Bank trail from Cabin B to shoreline.

40. *Unmaintained Campsite I*

Date surveyed: July 23, 2009

Photo numbers: Photos 92 - 93

GPS coordinates: N56 06.604 W120 55.367

Stratum: 4

Location: Pine River, upstream of Cabin A.

Type / Description: Unmaintained campsite, also shoreline access and picnic area.

Access: Boat access only; bank trail access to shoreline.

Confirmed recreational use: Camping.

Possible constraints on rec use: Pine River frozen in the winter. Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: Main camping area is approximately 4x6m plus an additional cleared area approximately 4x13m. Amenities include an outhouse (poor condition), homemade fire pit with grill and picnic table. Decrepit cooking shelter on site, no longer useable. Adjacent field on shoreline, approximately 25x35m, where tents may be set up.

Shoreline type: Fine sediment / grassy shoreline.

Bank direction of river access: North bank of the Pine River.

Potential hazards to users: N/A

Comments: Old signage indicated this had been a maintained site by local boaters (River Rats Club), but site is currently not maintained.

Photo 92. Unmaintained Campsite I

Photo 93. Old sign indicating Unmaintained Campsite I had previously been a maintained site.

41. *Rat Camp*

Date surveyed: July 23, 2009

Photo numbers: Photos 94 - 95

GPS coordinates: N56 06.968 W120 56.266

Stratum: 4

Location: Pine River, downstream from Cabin C.

Type / Description: Primitive maintained campsite.

Access: Boat access only; main bank trail from campsite to shoreline has metal stairs, two secondary paths to shoreline have dug out stairs.

Confirmed recreational use: Camping.

Possible constraints on rec use: Pine River frozen in the winter. Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: Main campsite area is approximately 6x18m, amenities include an outhouse, fire pit, picnic table and firewood. Several tie up rings for boats are flagged along shoreline. Campsite is maintained by local boaters such as the River Rats Club.

Shoreline type: Rocky shoreline.

Bank direction of river access: North bank of Pine River.

Potential hazards to users: N/A

Comments: Paths extend from campsite along river banks approximately 25m and 11m up and downstream respectively, leading back to shoreline. Posted with signage indicating name of the site and GPS coordinates.

Photo 94. Rat Camp campsite.

Photo 95. Secondary bank trail from Rat Camp to shoreline (dug out stairs).

42. *Cabin C*

Date surveyed: July 24, 2009

Photo numbers: Photos 96 - 97

GPS coordinates: N56 04.051 W121 04.675

Stratum: 4

Location: Pine River, upstream of Rat Camp campsite.

Type / Description: Cabin.

Access: Boat access only, remnants of an overgrown all terrain vehicle trail; bank trail from cabin to shoreline with old wooden ladder.

Confirmed recreational use: Camping.

Possible constraints on rec use: Pine River frozen in the winter. Boat access only so not accessed in winter. Cabin is extremely run down (tarp covering roof).

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: N/A

Shoreline type: Rocky shoreline.

Bank direction of river access: South bank of Pine River.

Potential hazards to users: Cabin is very decrepit; ladder used on bank trail is dangerous.

Comments: Stove inside cabin, very old and unsure of condition; homemade fire pit and tables outside.

Photo 96. Cabin C.

Photo 97. Cabin C bank trail.

43. *Unmaintained Campsite J*

Date surveyed: July 23, 2009

Photo numbers: Photos 98 - 99

GPS coordinates: N56 03.390 W121 07.405

Stratum: 4

Location: Pine River, upstream of Cabin C.

Type / Description: Unmaintained campsite, also shoreline access and picnic area.

Access: Boat access only; bank trail access to shoreline.

Confirmed recreational use: Camping.

Possible constraints on rec use: Pine River frozen in the winter. Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: Main camping area is approximately 18x32m. Amenities include a homemade fire pit, homemade table, old style outhouse and shovel.

Shoreline type: Rocky shoreline.

Bank direction of river access: South bank of the Pine River.

Potential hazards to users: Bank trail is treacherous footing.

Comments: New lumber and panels stored on site, appears to be supplies for cabin?

Photo 98. Unmaintained Campsite J.

Photo 99. Supplies left on site for a potential cabin.

44. *Unmaintained Campsite K*

Date surveyed: July 23, 2009

Photo numbers: Photo 100

GPS coordinates: N56 01.912 W121 10.969

Stratum: 4

Location: Pine River, downstream of Happy Hour Corner.

Type / Description: Unmaintained campsite, also shoreline access and picnic area.

Access: Boat access only; bank trail access to shoreline with metal ladder.

Confirmed recreational uses: Camping and hunting.

Possible constraints on rec use: Pine River frozen in the winter. Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: Main camping area is approximately 11x24m. Amenities include two partial outhouses, homemade fire pit, homemade tables and firewood.

Shoreline type: Rocky shoreline.

Bank direction of river access: South bank of the Pine River.

Potential hazards to users: Bank trail ladder is difficult footing.

Comments: Tents have been observed at this site, also known to be used as hunting campsite.

Photo 100. Unmaintained Campsite K.

45. Happy Hour Corner

Date surveyed: July 23, 2009

Photo numbers: Photos 101 - 103

GPS coordinates: N56 00.145 W121 11.635

Stratum: 4

Location: Pine River, upstream from Unmaintained Campsite K.

Type / Description: Primitive maintained campsite.

Access: Boat access only; bank trail from campsite to shoreline.

Confirmed recreational uses: Camping, swimming, picnic, shoreline leisure and hunting.

Possible constraints on rec use: Pine River frozen in the winter. Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: Main campsite area is approximately 13x18m, also additional area approximately 10x15m for tents. Amenities include an outhouse (plus old style outhouse), homemade fire pit with grill, picnic table, homemade table and firewood. Campsite is maintained by local boaters such as the River Rats Club.

Shoreline type: Rocky / fine sediment shoreline.

Bank direction of river access: North bank of Pine River.

Potential hazards to users: N/A

Comments: Posted with signage indicating name of the site and GPS coordinates.

Photo 101. Happy Hour Corner campsite.

Photo 102. Sign with name and GPS coordinates of Happy Hour Corner campsite.

Photo 103. Decorative rock at Happy Hour Corner campsite.

46. *Cabin D*

Date surveyed: July 24, 2009

Photo numbers: Photos 104 - 105

GPS coordinates: N55 59.022 W121 13.559

Stratum: 4

Location: Pine River, upstream of Happy Hour Corner campsite.

Type / Description: Cabin.

Access: Boat access only; bank trail from cabin to shoreline with metal stairs.

Confirmed recreational uses: Camping and hunting.

Possible constraints on rec use: Pine River frozen in the winter. Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: N/A

Shoreline type: Rocky shoreline.

Bank direction of river access: South bank of Pine River.

Potential hazards to users: N/A

Comments: Cabin is in very good shape, fully functional with beds, sink, cooking stove and heating stove; guest book inside indicates cabin is used frequently. Other amenities include an outhouse, fire pit and surrounding benches, picnic table, benches overlooking the river and a generator. Fire pit area is also covered to remain dry.

Photo 104. Cabin D with outside amenities.

Photo 105. Inside view of Cabin D.

47. *Unmaintained Campsite L*

Date surveyed: July 24, 2009

Photo numbers: Photo 106

GPS coordinates: N55 49.517 W121 14.179

Stratum: 4

Location: Pine River, downstream of East Pine.

Type / Description: Unmaintained campsite, also shoreline access and picnic area.

Access: Boat access only; bank trail access to shoreline.

Confirmed recreational use: Camping.

Possible constraints on rec use: Pine River frozen in the winter. Boat access only so not accessed in winter.

Type of boat launch: N/A

Angling: Shoreline and boat angling.

Campground details: Main camping area is approximately 8x13m. Amenities include a homemade fire pit, firewood and homemade tables.

Shoreline type: Rocky / fine sediment shoreline.

Bank direction of river access: North bank of the Pine River.

Potential hazards to users: Bank trail is treacherous footing.

Comments: Assume this is used for hunting as the site offers a good view of a side hill and fresh game tracks are visible surrounding the site. Trail observed from the site to a dried up stream approximately 20m west.

Photo 106. Unmaintained Campsite L.

48. *Pine River: East Pine*

Date surveyed: August 24, 2008

Photo numbers: Photos 107 - 108

GPS coordinates: N55 43.108 W121 13.499

Stratum: 4

Location: Pine River, just upstream of the confluence with the Murray River.

Type / Description: Boat launch and unmaintained campsite, also shoreline access.

Access: Launch is accessible via Rimsmith Road, just northwest of the Highway 97 Bridge; water access occurs via the boat launch.

Confirmed recreational uses: Fishing, boating and camping.

Possible constraints on rec use: Pine River frozen in the winter; Rimsmith Road is not plowed consistently throughout the winter.

Type of boat launch: Concrete ramp, width of 4.2m, may restrict size of boat that can be used.

Angling: Shoreline and boat angling.

Campground details: No maintained campsites, cleared area of approximately 30x200m area where tents and RVs can set up. Homemade fire pits and firewood present; also cleared parking area approximately 18x35m.

Shoreline type: Rocky shoreline.

Bank direction of river access: North bank of the Pine River.

Potential hazards to users: N/A.

Comments: A bed and breakfast, Polly Ranch B & B, is located a few kilometers upriver from the site on the Rimsmith Road, a total of 30 visits occurred at this B&B in 2008 (1 visit = 1 nights stay).

Photo 107. Boat launch at East Pine (Pine River).

Photo 108. Unmaintained campsite at East Pine (Pine River).

49. *Pine River: Twidwell Bend*

Date surveyed: August 24, 2008

Photo numbers: Photos 109 - 111

GPS coordinates: North bank shoreline: N55 36.812 W121 34.223

South bank main access to shoreline: N55 36.801 W121 34.398

South bank secondary access to shoreline: N55 36.726 W121
34.085

Stratum: 4

Location: Pine River, just downstream of the confluence with the Sukunka River.

Type / Description: Shoreline access.

Access: Three main access points: shoreline is drive in access from Highway 29 to the North bank and main access on the South bank, secondary access on the South bank is from Lone Prairie Road.

Confirmed recreational use: Fishing, swimming and camping.

Possible constraints on rec use: Pine River frozen in the winter, also unlikely the site is plowed. Access road to the secondary site on the South bank is very wet and may require 4-wheel drive vehicle to access.

Type of boat launch: Not a true launch.

Angling: Shoreline angling.

Campground details: N/A

Shoreline type: Rocky shoreline.

Bank direction of river access: North and South banks of the Pine River.

Potential hazards to users: N/A.

Comments: Site occurs on both banks of the Pine River, vehicles may park on exposed gravel bars on both sides. Swimming is known to occur regularly at the third access point (South bank secondary access). Homemade fire pits and ATV tracks present on site.

Photo 109. Twidwell Bend North bank shoreline access.

Photo 110. Twidwell Bend South bank shoreline (main access).

Photo 111. Twidwell Bend South bank shoreline (secondary access).
