Alexandra Gray
Senior Environmental Coordinator
British Columbia Hydro and Power Authority
1111 W Georgia Street - 9th Floor
Vancouver, British Columbia
V6E 4M3

Dear Licencee:

Under Section 52(1) of the *Forest Act* of British Columbia I am authorizing British Columbia Hydro and Power Authority (BC Hydro) to fall timber to carry out Reservoir Slope Geotechnical Investigations at three sites along the future Site C reservoir. See attachments

The purpose of this authorization is to allow you to go back into this area to clear a maximum volume of 50 m³ with 25 m³ of actual merchantable volume and to do further investigative work to the three locations that are covered by Land Act Licence of Occupation File #8015393, Licence #8157661. They were previously cleared under Forest Act Occupant Licence to Cut L48800, which has since expired.

Please note that the following conditions apply to this authorization:

- For all sites, waste wood debris will be disposed of in an appropriate manner (e.g. burning, chipping, mulching, etc.) in accordance with the Vegetation Clearing and Debris Management Plan.

This Authority has a term of two (02) years and will expire on April 8, 2021. Should you have any further questions regarding this authorization please contact Rod Drew at (250)784-1200.

Yours truly

Dave Francis
Director of Authorization
North East Region
