SUPPLY AND INSTALLATION OF TURBINES AND GENERATORS CONTRACT

SCHEDULE 1

DEFINITIONS AND INTERPRETATION

1 DEFINITIONS

In the Contract Documents, unless the context requires otherwise:

“**Aboriginal**” has the meaning set out in Schedule 16 [Aboriginal Inclusion and Reporting Requirements];

“**Aboriginal Business**” has the meaning set out in Schedule 16 [Aboriginal Inclusion and Reporting Requirements];

“**Aboriginal Inclusion Performance Report**” has the meaning set out in Schedule 16 [Aboriginal Inclusion and Reporting Requirements];

“**Aboriginal Inclusion Plan**” has the meaning set out in Schedule 16 [Aboriginal Inclusion and Reporting Requirements];

“**Accepted**” has the meaning set out in Schedule 5 [Submittal Procedure];

“**Access Route**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“**Actual Operation Period**” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“**Actual Permitted Thresholds**” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“**Actual Warranty Assessment Periods**” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“**Additional Prototype Low-End Operating Range**” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“**Administrative Correspondence**” has the meaning set out in Schedule 2 [Design and Construction Protocols];

“**Advance Payment**” has the meaning set out in Schedule 11 [Prices and Payment];

“**Advance Payment Letter of Credit**” has the meaning set out in Schedule 11 [Prices and Payment];

“**Advance Payment Request**” has the meaning set out in Schedule 11 [Prices and Payment];

“**Advanced Programming Techniques**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“**Affiliate**” means, with respect to any Person, any other Person directly or indirectly controlling, controlled by, or under direct or indirect common control of, such Person, and a Person will be deemed to control another Person if such Person possesses, directly or indirectly, the power to direct or determine the direction of the management and policies of such other Person, whether through ownership of voting securities, by contract or otherwise;

“**Agreement**” means the form of agreement which is signed by the parties and included in the Contract Documents;

“**Alarm**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“**Apex Reports**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Appendix**” means any document entitled “Appendix” that forms part of the Contract Documents;

“**Application Configuration Files**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“**Apprentices Policy**” has the meaning set out in Schedule 2 [Design and Construction Protocols];

“**Approved Foreign Currency**” has the meaning set out in Section 12.1 of the Agreement;

“**As-Built Drawings**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Audit**” has the meaning set out in Schedule 8 [Quality Management];

“**Auto-Mode**” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“**Automatic Voltage Regulator**” or “**AVR**” has the meaning set out in Appendix 6-6 [Excitation System Specifications];

“**Auxiliary Unit Equipment Hatch**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“**Background Check**” has the meaning set out in Schedule 2 [Design and Construction Protocols];

“**Balance of Plant**” or “**BOP**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“**BC Hydro**” means the entity identified as “BC Hydro” on the first page of the Agreement;

“**BC Hydro Delay**” has the meaning set out in Schedule 2 [Design and Construction Protocols];

“**BC Hydro Drawing Border**” has the meaning set out in Appendix 6-1 [General Specifications];

“**BC Hydro Property**” means any design, facilities, property, equipment, including construction equipment and small tools, replacement parts, furnishings, materials and supplies of any kind, including as identified in Appendix 2-6 [BC Hydro Property], provided to the Contractor by BC Hydro or by a third party at the direction of BC Hydro for the performance of the Work and whether or not incorporated into the Work;

“**BC Hydro Title Block**” has the meaning set out in Appendix 6-1 [General Specifications];

“**BCICAC**” has the meaning set out in Schedule 14 [Dispute Resolution Procedure];

“**Bill of Materials**” or “**BoM**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Block Diagrams**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Business Day**” means a day other than a Saturday, Sunday or statutory holiday in British Columbia;

“**Cable Schedule**” has the meaning set out in Appendix 6-1 [General Specifications];

- “**Calculation**” has the meaning set out in Appendix 6-1 [General Specifications];
- “**Cart**” has the meaning set out in Appendix 6-2 [General Technical Specifications];
- “**Cavitation Frosting**” has the meaning set out in Appendix 6-3 [Turbine Specifications];
- “**Cavitation Protection Margin**” has the meaning set out in Appendix 6-3 [Turbine Specifications];
- “**Cavitation Warranty Assessment Period**” has the meaning set out in Appendix 6-3 [Turbine Specifications];
- “**CC**” has the meaning set out in Appendix 4-8 [Interface Requirements];
- “**Ceiling Voltage**” has the meaning set out in Appendix 6-6 [Excitation System Specifications];
- “**CEMP**” has the meaning set out in Schedule 7 [Environmental Obligations];
- “**Change**” has the meaning set out in Schedule 12 [Changes];
- “**Change Directive**” has the meaning set out in Schedule 12 [Changes];
- “**Change Order**” has the meaning set out in Schedule 12 [Changes];
- “**Change Report**” has the meaning set out in Schedule 12 [Changes];
- “**Claim**” means any claim, demand, action, cause of action, suit or proceeding, whether for damages, contribution, indemnity or any other relief;
- “**Claim Costs**” means any and all losses, damages, costs, penalties and expenses arising from or related to a Claim, including actual legal (on a solicitor and his own client basis), accounting and expert costs and expenses incurred in the investigation, defence or settlement of a Claim;
- “**Code 1**” has the meaning set out in Schedule 5 [Submittals Procedure];
- “**Code 2**” has the meaning set out in Schedule 5 [Submittals Procedure];
- “**Code 3**” has the meaning set out in Schedule 5 [Submittals Procedure];
- “**Code 4**” has the meaning set out in Schedule 5 [Submittals Procedure];
- “**Commercial Operation**” of the Equipment, or of any element of the Work, means when the element is installed at the Site, fully tested and commissioned as required by the Contract Documents, and is in full commercial operation in accordance with its intended purpose;
- “**Commissioning Report**” has the meaning set out in Appendix 6-1 [General Specifications];
- “**Communications Manager**” has the meaning set out in Schedule 9 [Communications Roles];
- “**Community Liaison Committee**” has the meaning set out in Schedule 9 [Communications Roles];
- “**Completion Contractor**” has the meaning set out in Appendix 4-8 [Interface Requirements];
- “**Completion Design**” has the meaning set out in Appendix 6-1 [General Specifications];

- “**Completion Milestone**” has the meaning set out in Schedule 11 [Prices and Payment];
- “**Confidential Information**” has the meaning set out in Schedule 2 [Design and Construction Protocols];
- “**Configuration Tool Software**” has the meaning set out in Appendix 6-2 [General Technical Specifications];
- “**Confined Space**” has the meaning set out in Appendix 6-2 [General Technical Specifications];
- “**Connection End**” has the meaning set out in Appendix 6-5 [Generator Specifications];
- “**Consent**” has the meaning set out in Schedule 5 [Submittals Procedure];
- “**Consequential Damages**” has the meaning set out in Schedule 2 [Design and Construction Protocols];
- “**Construction Communications Plan**” has the meaning set out in Schedule 9 [Communications Roles];
- “**Construction Revision Drawing**” has the meaning set out in Appendix 6-1 [General Specifications];
- “**Construction Safety Officer**” has the meaning set out in Schedule 10 [Safety];
- “**Contract**” means the agreement between BC Hydro and the Contractor as defined and described in the Contract Documents, as may be amended, supplemented or restated from time to time;
- “**Contract Documents**” means the documents listed and described in Section 2.2 of the Agreement;
- “**Contract Number**” has the meaning set out in Schedule 5 [Submittals Procedure];
- “**Contract Price**” has the meaning set out in Section 3.1 of the Agreement;
- “**Contract Records**” has the meaning set out in Schedule 2 [Design and Construction Protocols];
- “**Contractor**” means the entity identified as the “Contractor” on the first page of the Agreement;
- “**Contractor Delay**” has the meaning set out in Schedule 2 [Design and Construction Protocols];
- “**Contractor Duties**” has the meaning set out in Schedule 11 [Prices and Payment];
- “**Contractor Taxes**” has the meaning set out in Schedule 11 [Prices and Payment];
- “**Contractor’s Actual Daily Guest Night Use**” has the meaning set out in Schedule 11 [Prices and Payment];
- “**Contractor’s Aggregate Guest Night Use**” has the meaning set out in Schedule 11 [Prices and Payment];
- “**Contractor’s Daily 72 Hour Confirmation**” has the meaning set out in Schedule 2 [Design and Construction Protocols];
- “**Contractor’s Guest Night Entitlement**” has the meaning set out in Schedule 11 [Prices and Payment];
- “**Contractor’s Guest Night Overage**” has the meaning set out in Schedule 11 [Prices and Payment];

“**Contractor’s Representative**” means the individual designated in Article 4 of the Agreement, or replacement appointed in accordance with Schedule 3 [Roles and Representatives];

“**Contractor’s Title Block**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Contractor’s Work Area**” has the meaning set out in Schedule 10 [Safety];

“**Cooling Water System**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“**Corrective Action**” has the meaning set out in Schedule 8 [Quality];

“**CPM**” has the meaning set out in Schedule 4 [Work Program and Schedule];

“**Critical Cyber Assets**” or “**CCAs**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“**Crouching**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“**CSMP**” has the meaning set out in Schedule 10 [Safety];

“**CSSMP**” has the meaning set out in Schedule 10 [Safety];

“**CTHEA**” has the meaning set out in Schedule 11 [Prices and Payment];

“**Currency Component**” has the meaning set out in Section 12.1 of the Agreement;

“**Dangerous Goods**” has the meaning set out in the *Transportation of Dangerous Goods Act (Canada)*;

“**Deadtime**” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“**Default Costs**” has the meaning set out in Schedule 2 [Design and Construction Protocols];

“**Deposit Application**” has the meaning set out in Schedule 11 [Prices and Payment];

“**Design Change Notice**” or “**DCN**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Design Commitment**” has the meaning set out set out in Appendix 6-1 [General Specifications];

“**Design Life**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“**Design Quality Management Plan**” has the meaning set out in Appendix 8-1 [Design Quality Management Plan];

“**Design Review**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Design Submittals**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Detailed Design**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Detailed Design Drawings**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Dispute**” has the meaning set out in Schedule 14 [Dispute Resolution Procedure];

“**Dispute Notice**” has the meaning set out in Schedule 14 [Dispute Resolution Procedure];

“Dispute Resolution Procedure” means the dispute resolution procedure set out in Schedule 14 [Dispute Resolution Procedure];

“Do Not Proceed - Re-Submit as Noted” has the meaning set out in Schedule 5 [Submittals Procedure];

“Document” has the meaning set out in Schedule 2 [Design and Construction Protocols];

“Document Number” has the meaning set out in Schedule 2 [Design and Construction Protocols];

“Double Block and Bleed” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“Double Valve and Drain” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“Draft Tube Temporary Closure Installed” has the meaning set out in Schedule 11 [Prices and Payment];

“Drawing” has the meaning set out set out in Appendix 6-1 [General Specifications];

“Drawing List” has the meaning set out in Appendix 6-1 [General Specifications];

“Drawing Number” has the meaning set out in Appendix 6-1 [General Specifications];

“Drive End” has the meaning set out in Appendix 6-5 [Generator Specifications];

“Droop” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“EAC” means the Environmental Assessment Certificate issued in respect of the Project;

“Effective Date” means the effective date of the Contract as set out on the first page of the Agreement;

“Electrical Load Schedule” has the meaning set out in Appendix 6-1 [General Specifications];

“Electrical Schematics” has the meaning set out in Appendix 6-1 [General Specifications];

“Electrical Wiring Diagrams” has the meaning set out in Appendix 6-1 [General Specifications];

“Emergency Response Plan” has the meaning set out in Schedule 10 [Safety];

“Enclosure” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“Environmental Aspect Register” has the meaning set out in Schedule 7 [Environmental Obligations];

“Environmental Incident” has the meaning has the meaning set out in Schedule 7 [Environmental Obligations];

“Environmental Monitor” has the meaning set out in Schedule 7 [Environmental Obligations];

“Environmental Protection Plan” or **“EPP”** has the meaning set out in Schedule 7 [Environmental Obligations];

“Environmental Requirements” has the meaning set out in Schedule 7 [Environmental Obligations];

“Environmental Specifications” has the meaning set out in Schedule 7 [Environmental Obligations];

“Environmental Tailboard Meeting” has the meaning set out in Schedule 7 [Environmental Obligations];

“Environmentally Sensitive Area” has the meaning set out in Schedule 7 [Environmental Obligations];

“Equipment” means all the elements and components that comprise the Units, including the Turbines, the Generators, the Excitation System and the Governor Systems and each of the components thereof;

“Equipment-Specific Unit Hatch” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“Equivalent” means a material, product or equipment that Hydro’s Representative has approved in writing may be implemented in the Work as substitution for a material, product or equipment which is described in a Specification or Drawing;

“Event” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“Event Buffer” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“Event Data Structure” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“Event List” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“Excitation System” or **“Exciter”** has the meaning set out in Appendix 6-6 [Excitation System Specifications];

“Excitation System 30 Second Rating” has the meaning set out in Appendix 6-6 (SPEXC);

“Excitation System Data Table” has the meaning set out in Appendix 6-6 [Excitation System Specifications];

“Excitation System Rated Current” has the meaning set out in Appendix 6-6 [Excitation System Specifications];

“Excitation System Rated Output” has the meaning set out in Appendix 6-6 [Excitation System Specifications];

“Excitation System Technical Data and Information Form” or **“Exciter TDIF”** has the meaning set out in Schedule 11 [Prices and Payment];

“Exciter Hardwired Controls” has the meaning set out in Appendix 6-6 [Excitation System Specifications];

“Exciter Human Machine Interface” or **“Exciter HMI”** has the meaning set out in Appendix 6-6 [Excitation System Specifications];

“Exciter Software” has the meaning set out in Appendix 6-6 [Excitation System Specifications];

“Exciter Transformer” has the meaning set out in Appendix 6-6 [Excitation System Specifications];

“ExcPCE” has the meaning set out in Appendix 6-6 [Excitation System Specifications];

“ExcRCE” has the meaning set out in Appendix 6-6 [Excitation System Specifications];

“Explanatory Documents” has the meaning set out in Appendix 6-1 [General Specifications];

- “**External Quality Audit**” has the meaning set out in Schedule 8 [Quality Management];
- “**Field Breaker**” has the meaning set out in Appendix 6-6 [Excitation System Specifications];
- “**Field Discharge Resistor**” or “**FDR**” has the meaning set out in Appendix 6-6 [Excitation System Specifications];
- “**Final Design**” has the meaning set out in Appendix 6-1 [General Specifications];
- “**Final Quality Report**” has the meaning set out in Schedule 8 [Quality Management];
- “**Flood Reservoir Operating Range**” has the meaning set out in Appendix 6-3 [Turbine Specifications];
- “**FOIPPA**” means the *Freedom of Information and Protection of Privacy Act* (British Columbia);
- “**For Information Only**” has the meaning set out in Schedule 5 [Submittals Procedure];
- “**Force Majeure**” has the meaning set out in Schedule 2 [Design and Construction Protocols];
- “**Gate Limit Setpoint**” has the meaning set out in Appendix 6-4 [Governor System Specifications];
- “**Gate Position Error**” has the meaning set out in Appendix 6-4 [Governor System Specifications];
- “**Gate Position Setpoint**” or “**Gate Setpoint**” has the meaning set out in Appendix 6-4 [Governor System Specifications];
- “**Gate Position Switch**” has the meaning set out in Appendix 6-4 [Governor System Specifications];
- “**General Arrangement Drawings**” has the meaning set out in Appendix 6-1 [General Specifications];
- “**General Technical Data Information Form**” or “**General TDIF**” has the meaning set out in Schedule 11 [Prices and Payment];
- “**Generate Mode**” has the meaning set out in Appendix 6-4 [Governor System Specifications];
- “**Generator**” has the meaning set out in Appendix 6-5 [Generator Specifications];
- “**Generator Enclosure**” has the meaning set out in Appendix 6-5 [Generator Specifications];
- “**Generator Losses**” has the meaning set out in Appendix 6-5 [Generator Specifications];
- “**Generator Pit**” has the meaning set out in Appendix 6-5 [Generator Specifications];
- “**Generator Pit Maintainable Components**” has the meaning set out in Appendix 6-5 [Generator Specifications];
- “**Generator Rated Field Current**” has the meaning set out in Appendix 6-5 [Generator Specifications];
- “**Generator Rated Operating Conditions**” has the meaning set out in Appendix 6-5 [Generator Specifications];
- “**Generator Rated Output**” has the meaning set out in Appendix 6-5 [Generator Specifications];
- “**Generator RTD Terminal Cabinet**” has the meaning set out in Appendix 6-5 [Generator Specifications];

“Generator Technical Data and Information Form” or **“Generator TDIF”** has the meaning set out in Schedule 11 [Prices and Payment];

“Generator Terminal Cabinet” has the meaning set out in Appendix 6-5 [Generator Specifications];

“Generator VT Speed Sensing System” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“Good Industry Practice” means the standards, practices, methods and procedures to a good professional and commercial standard, conforming to Laws and exercising that degree of skill, care, diligence, prudence and foresight which would reasonably and ordinarily be expected from a qualified, skilled and experienced person engaged in a similar type of undertaking under the same or similar circumstances;

“Governmental Authority” means any federal, provincial, territorial, regional, municipal or local authority, quasi-governmental authority, court, government, or self-regulatory organization, commission, board, tribunal, organization, or any regulatory, administrative or other agency, or any political or other subdivision, department or branch of any of the foregoing, having jurisdiction in any way over or in respect of any aspect of the performance of the Contract or the Project;

“Governor Configuration Software” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“Governor Control Cabinet” or **“GCC”** has the meaning set out in Appendix 6-4 [Governor System Specifications];

“Governor Design Pressure” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“Governor Hardwired Controls” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“Governor HPU” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“Governor PLC” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“Governor Setpoint” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“Governor Shutdown Solenoid” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“Governor Software” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“Governor Speed Switch” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“Governor System” or **“Governor”** has the meaning set out in Appendix 6-4 [Governor System Specifications];

“Governor System Data Table” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“Governor System Technical Data and Information Form” or **“Governor TDIF”** has the meaning set out in Schedule 11 [Prices and Payment];

“**Gross Head**” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“**Gross Negligence**” means the failure to perform a duty of care in wanton or reckless disregard for the easily foreseeable or easily avoidable consequences of such a failure where such failure is tantamount to a willful disregard of that duty;

“**Group A**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Group B**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Group C**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Group D**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Group E**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Group F**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Group H**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Group I**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Group J**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Group K**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Group L**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Group M**” has the meaning set out in Appendix 6-1 [General Specifications];

“**GSS**” has the meaning set out in Appendix 4-8 [Interface Requirements];

“**GSS/CC Interface**” has the meaning set out in Appendix 4-8 [Interface Requirements];

“**GSS/CC Interface Completion Delay**” has the meaning set out in Appendix 4-8 [Interface Requirements];

“**GSS Contractor**” has the meaning set out in Appendix 4-8 [Interface Requirements];

“**GST**” means the tax imposed in Canada pursuant to Part IX of the *Excise Tax Act* (Canada);

“**Guaranteed Plant Annual Energy**” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“**Guest**” has the meaning set out in Schedule 2 [Design and Construction Protocols];

“**Hazard**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“**Hazard Log**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Hazardous Material**” has the meaning set out in Schedule 10 [Safety];

“**Hazardous Materials and Hazardous Substance Procedures**” has the meaning set out in Schedule 2 [Design and Construction Protocols];

“Hazardous Substance” means any substance, mixture of substances, product, waste, organism, pollutant, material, chemical, contaminant, dangerous good, constituent or other material which is or becomes listed, regulated or addressed under any Law respecting the use, manufacture, importation, handling, transportation, storage, disposal and treatment of the substance, mixture of substances, product, waste, organism, pollutant, material, chemical, contaminant, dangerous good, constituent or other material;

“Hold Point” has the meaning set out in Schedule 8 [Quality Management];

“Hydro’s Representative” means the individual designated in Article 4 of the Agreement, or replacement appointed in accordance with Schedule 3 [Roles and Representatives];

“Indemnified Parties” has the meaning set out in Schedule 2 [Design and Construction Protocols];

“Indemnified Party” has the meaning set out in Schedule 2 [Design and Construction Protocols];

“Independent Environmental Monitor” has the meaning set out in Schedule 7 [Environmental Obligations];

“Independent Laboratory” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“Independent Turbine Model Test” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“Initial Design” has the meaning set out in Appendix 6-1 [General Specifications];

“Initial Operating Period” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“Inspection” has the meaning set out in Schedule 8 [Quality Management];

“Inspection and Test Plans” has the meaning as set out in Appendix 8-2 [Supply Quality Management Plan] and Appendix 8-3 [Installation Quality Management Plan] as the context requires;

“Installation Quality Management Plan” has the meaning set out in Appendix 8-3 [Installation Quality Management Plan];

“Installation Work” has the meaning set out in Schedule 2 [Design and Construction Protocols] and Schedule 11 [Prices and Payment] as the context requires;

“Intake and Penstock Head Losses” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“Intellectual Property” means discoveries, research, developments, designs, improvements, innovations, inventions, blueprints, software, databases, hardware, equipment, machines, manufactures, compositions of matter, industrial designs, formulae, integrated circuit topographies and integrated circuit topography products, mask works, methods, concepts, processes, procedures, practices, works subject to copyright, and other technologies, works and creations now existing or developed in the future, all intangible, intellectual, proprietary and industrial property rights in any of the foregoing, whether or not registered or registrable, patentable or non-patentable, or confidential or non-confidential;

“Interface” has the meaning set out in Appendix 4-8 [Interface Requirements];

“Interface Contractor” has the meaning set out in Appendix 4-8 [Interface Requirements];

“Interface Information” has the meaning set out in Appendix 4-8 [Interface Requirements];

- “Interface Milestone Date”** has the meaning set out in Appendix 4-8 [Interface Requirements];
- “Interface Milestones Table”** has the meaning set out in Appendix 4-8 [Interface Requirements];
- “Interface Work”** has the meaning set out in Appendix 4-8 [Interface Requirements];
- “Internal Quality Audit”** has the meaning set out in Schedule 8 [Quality Management];
- “ISO 9001”** has the meaning set out in Schedule 8 [Quality Management];
- “Isolated Load Mode”** has the meaning set out in Appendix 6-4 [Governor System Specifications];
- “Isolated Load Settings”** has the meaning set out in Appendix 6-4 [Governor System Specifications];
- “Isolation Detector”** has the meaning set out in Appendix 6-4 [Governor System Specifications];
- “Issued for Construction”** has the meaning set out in Schedule 2 [Design and Construction Protocol];
- “Issued for Construction Drawing”** or **“IFC Drawing”** has the meaning set out in Appendix 6-1 [General Specifications];
- “Issued for Record Drawing”** or **“IFR Drawing”** has the meaning set out in Appendix 6-1 [General Specifications];
- “ITP Register”** has the meaning set out in Appendix 6-1 [General Specifications];
- “Key Individual”** means any individual identified in Schedule 3 [Roles and Representatives];
- “Labour Disruption”** has the meaning set out in Schedule 2 [Design and Construction Protocols];
- “LaSalle Report”** has the meaning set out in Appendix 6-1 [General Specifications];
- “Laws”** means all valid laws, including common law, federal, provincial, and municipal statutes, bylaws, and other local laws, orders, rules, regulations, approvals and policies of any Governmental Authority, including those related to occupational health and safety, fire, employment insurance, workers’ compensation, the transportation and handling of Hazardous Substances, the transportation and handling of Dangerous Goods, environmental protection, standards, building codes and other governmental requirements, work practices and procedures, that are applicable to the discharge of obligations set out in the Contract Documents, including the performance of the Work;
- “Letter of Credit”** has the meaning set out in Schedule 11 [Prices and Payment];
- “Lifting Device”** has the meaning set out in Appendix 6-2 [General Technical Specifications];
- “Lifting Point”** has the meaning set out in Appendix 6-2 [General Technical Specifications];
- “Limits of Approach”** or **“LOA”** has the meaning set out in Appendix 6-2 [General Technical Specifications];
- “Liquidated Damages”** has the meaning set out in Schedule 11 [Prices and Payment];
- “Local Aboriginal Groups”** has the meaning set out in Schedule 16 [Aboriginal Inclusion and Reporting Requirements];

“**Low-End Range Performance Bonus**” or “**LEPB**” has the meaning set out in Schedule 11 [Prices and Payment];

“**Low Reservoir Operating Range**” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“**Main Unit Equipment Hatch**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“**Major Component**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Major Sub-Component**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Manual Mode**” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“**Manufacturer Kick-Off Meeting**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Maximum Cooling Water Supply Temperature**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“**Maximum Offline Wicket Gate Limit**” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“**Maximum Online Wicket Gate Limit**” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“**Measured Gate Position**” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“**Measured Running Bus Frequency**” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“**Measured Unit Power**” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“**Measured Unit Speed**” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“**Mechanical Schematics**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Milestone**” has the meaning set out in Schedule 11 [Prices and Payment];

“**Milestone Payment**” has the meaning set out in Schedule 11 [Prices and Payment];

“**Minimum Cooling Water Supply Temperature**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“**Minimum Reservoir Operating Range**” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“**Model Regime**” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“**Multiple Employer Workplace**” has the meaning set out in Schedule 10 [Safety];

“**Musculoskeletal Injury**” or “**MSI**” Appendix 6-2 [General Technical Specifications];

“**Net Specific Hydraulic Energy**” or “**NSHE**” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“**Non-Installation Work**” has the meaning set out in Schedule 11 [Prices and Payment];

“**Nonconformity**” has the meaning set out in Schedule 8 [Quality Management];

“**Nonconformity Report**” has the meaning set out in Schedule 8 [Quality Management];

“**Nonconformity Tracking System**” has the meaning set out in Schedule 8 [Quality Management];

“**Normal Reservoir Operating Range**” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“**Normal Turbine Operating Range**” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“**Notice of Failure to Comply**” has the meaning set out in Schedule 10 [Safety];

“**Occupational Disease**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“**Occupational Health & Safety Management Program**” or “**OHSMP**” has the meaning set out in Schedule 10 [Safety];

“**Offline Mode**” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“**Offline Settings**” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“**OHSR**” has the meaning set out in Schedule 10 [Safety];

“**Online Mode**” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“**Online Settings**” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“**Operating Condition A**” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“**Operating Condition B**” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“**Operating Condition C**” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“**Operating Zone 1**” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“**Operating Zone 2**” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“**Operating Zone 3**” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“**Operations and Maintenance Manual**” or “**Manual**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Orders**” has the meaning set out in Schedule 17 [Privacy Protection];

“**Organizational Chart**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Other Operating Conditions**” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“**Others**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Parts List**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Patient**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“**PD Transfer Function**” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“**Permanent Speed Droop**” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“**Permits**” means all permissions, consents, approvals, registrations, certificates, permits, licences, statutory agreements and authorizations required from any Governmental Authority, including the EAC, the Federal Decision Statement issued in respect of the Project, and all necessary consents and agreements from any third parties, needed to carry out the Work in accordance with the Contract Documents, and includes Project Related Permits and Permits to be obtained by the Contractor;

“**Person**” means any individual, sole proprietorship, corporation, company, partnership, unincorporated association, association, institution, entity, party, trust, trustee, joint venture, estate, cooperative or other legal entity;

“**Personal Information**” means recorded information about an identifiable individual, other than contact information (as defined in FOIPPA), collected, created or otherwise acquired by the Contractor as a result of the Contract or any previous agreement between BC Hydro and the Contractor dealing with the same subject matter as the Contract;

“**Photos**” has the meaning set out in Appendix 6-1 [General Specifications];

“**PID Transfer Function**” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“**Pit Free**” has the meaning set out in Appendix 4-8 [Interface Requirements]

“**Plant Annual Energy**” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“**Plant Annual Energy Calculation**” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“**Power Droop**” or “**Speed Regulation**” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“**Power Error**” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“**Power Rectifier**” has the meaning set out in Appendix 6-6 [Excitation System Specifications];

“**Power Setpoint**” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“**Powerhouse**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“**Preliminary Change Instruction**” has the meaning set out in has the meaning set out in Schedule 12 [Changes];

“**Preventive Action**” has the meaning set out in Schedule 8 [Quality Management];

“**Pre-Work Orientation**” has the meaning set out in Schedule 7 [Environmental Obligations];

“**Prime Contractor**” has the meaning set out in Schedule 10 [Safety];

“**Prime Rate**” means the floating annual rate of interest established by the Bank of Montreal from time to time as its reference rate of interest, to determine the interest rate it will charge for loans in Canadian dollars to its customers in Canada and designated as its “Prime Rate”;

- “**Procedure**” has the meaning set out in Appendix 6-1 [General Specifications];
- “**Proceed Except As Noted and Re-Submit**” has the meaning set out in Schedule 5 [Submittals Procedure];
- “**Production Run**” has the meaning set out in Appendix 6-2 [General Technical Specifications];
- “**Production Test**” has the meaning set out in Appendix 6-2 [General Technical Specifications];
- “**Professional Engineer**” means a Professional Engineer registered with the Association of Professional Engineers and Geoscientists of British Columbia;
- “**Professional of Record**” or “**PoR**” has the meaning set out in Schedule 5 [Submittals Procedure];
- “**Progress Payment Estimate**” has the meaning set out in Schedule 11 [Prices and Payment];
- “**Project**” has the meaning set out in Recital A of the Agreement, of which the performance of the Work is a part;
- “**Project Delay**” has the meaning set out in Schedule 2 [Design and Construction Protocols];
- “**Project Related Permits**” means the Permits listed in Appendix 2-3 [Project Related Permits];
- “**Prone**” has the meaning set out in Appendix 6-2 [General Technical Specifications];
- “**Prototype Design Drawings**” has the meaning set out in Appendix 6-3 [Turbine Specifications];
- “**Prototype Minimum Turbine Output**” has the meaning set out in Appendix 6-3 [Turbine Specifications];
- “**Prototype Tailwater Curve**” has the meaning set out in Appendix 6-3 [Turbine Specifications];
- “**Prototype Tailwater Levels**” has the meaning set out in Appendix 6-3 [Turbine Specifications];
- “**PST**” means the tax imposed in British Columbia pursuant to the *Provincial Sales Tax Act* (British Columbia);
- “**Public**” means local and regional governments, communities, stakeholders, property owners, businesses, the general public and Aboriginal groups;
- “**Qualified**” has the meaning set out in Schedule 10 [Safety];
- “**Qualified Environmental Professional**” has the meaning set out in Schedule 7 [Environmental Obligations];
- “**Qualified Site Safety Coordinator**” has the meaning set out in Schedule 10 [Safety];
- “**Quality**” has the meaning set out in Schedule 8 [Quality Management];
- “**Quality Documentation Submittals**” has the meaning set out in Schedule 8 [Quality Management];
- “**Quality Management**” has the meaning set out in Schedule 8 [Quality Management];
- “**Quality Management Plans**” has the meaning set out in Schedule 8 [Quality Management];

“Quality Management System” or **“QMS”** has the meaning set out in Schedule 8 [Quality Management];
“Quality Manager” has the meaning set out in Schedule 8 [Quality Management];
“Quality Manual” has the meaning set out in Schedule 8 [Quality Management];
“Quality Objectives” has the meaning set out in Schedule 8 [Quality Management];
“Quality Policy” has the meaning set out in Schedule 8 [Quality Management];
“Quality Progress Report” has the meaning set out in Schedule 8 [Quality Management];
“Quality Record” has the meaning set out in Schedule 8 [Quality Management];
“Quality Release” has the meaning set out in Appendix 6-1 [General Specifications];
“Quality System” has the meaning set out in Schedule 8 [Quality Management];
“Raceway” has the meaning set out in Appendix 6-2 [General Technical Specifications];
“Rated Speed” has the meaning set out in Appendix 6-2 [General Technical Specifications];
“Record” has the meaning set out in Schedule 8 [Quality Management];
“Redline Drawing” has the meaning set out in Appendix 6-1 [General Specifications];
“Referee” has the meaning set out in Schedule 14 [Dispute Resolution Procedure];
“Referee Agreement” has the meaning set out in Schedule 14 [Dispute Resolution Procedure];
“Referee Notice” has the meaning set out in Schedule 14 [Dispute Resolution Procedure];
“Reference Minimum Turbine Output” has the meaning set out in Appendix 6-3 [Turbine Specifications];
“Reference Sections” has the meaning set out in Appendix 6-3 [Turbine Specifications];
“Reference Section 1” has the meaning set out in Appendix 6-3 [Turbine Specifications];
“Reference Section 2” has the meaning set out in Appendix 6-3 [Turbine Specifications];
“Reference Turbine Model” has the meaning set out in Appendix 6-3 [Turbine Specifications];
“Regulated Cold Air Temperature” has the meaning set out in Appendix 6-5 [Generator Specifications];
“Rejected” has the meaning set out in Schedule 5 [Submittals Procedure];
“Reliability Centred Maintenance Sheet” or **“RCM”** has the meaning set out in Appendix 6-1 [General Specifications];
“Replacement Work” has the meaning set out in Schedule 2 [Design and Construction Protocols];
“Report” has the meaning set out in Appendix 6-1 [General Specifications];

“Representative” means either Hydro’s Representative or the Contractor’s Representative, as the case may be;

“Rescue Operation” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“Resistance Temperature Detectors” or **“RTDs”** has the meaning as set out in Appendix 6-2 [General Technical Specifications];

“Review” has the meaning set out in Schedule 5 [Submittals Procedure];

“Revised Powerhouse Layout Drawings” has the meaning set out in Section 12.3 of the Agreement;

“Risk Management Plan” or **“RMP”** has the meaning set out in Appendix 6-1 [General Specifications];

“Risk Register” has the meaning set out in Appendix 6-1 [General Specifications];

“RFP” means the BC Hydro Site C Clean Energy Project Request for Proposals Supply and Installation of Turbines and Generators RFP #1296;

“Running Bus VT Speed Sensing System” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“Safe Work Procedures” has the meaning set out in Schedule 10 [Safety];

“Safety Area” has the meaning set out in Schedule 10 [Safety];

“Safety Audits and Inspections” has the meaning set out in Schedule 10 [Safety];

“Safety by Design Plan” or **“SbDP”** has the meaning set out in Appendix 6-1 [General Specifications];

“Safety Laws” has the meaning set out in Schedule 10 [Safety];

“Safety Minimum Requirements” or **“SMR”** has the meaning set out in Schedule 10 [Safety];

“Schedule” means any document entitled “Schedule” that forms part of the Contract Documents;

“Scheduler” has the meaning set out in Schedule 4 [Work Program and Schedule];

“Security Plan” has the meaning set out in Schedule 2 [Design and Construction Protocols];

“Security Sensitive Work” has the meaning set out in Schedule 2 [Design and Construction Protocols];

“Servomotors” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“Setpoint Feedforward” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“Settlement Agreement” has the meaning set out in Schedule 14 [Dispute Resolution Procedure];

“Settlement Meeting” has the meaning set out in Schedule 14 [Dispute Resolution Procedure];

“SHE” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“Shop Drawings” has the meaning set out in Appendix 6-1 [General Specifications];

“**Silicon Controlled Rectifier**” or “**SCR**” has the meaning set out in Appendix 6-6 [Excitation System Specifications];

“**Single Unit Substantial Completion**” has the meaning set out in Schedule 11 [Prices and Payment];

“**Single Unit Total Completion**” has the meaning set out in Schedule 11 [Prices and Payment];

“**Site**” unless otherwise specifically defined means the general location of the Project, and for certainty includes all areas covered by the EAC;

“**Site C Component Hierarchy**” has the meaning set out in Appendix 6-1 [General Specifications];

“**Site C Dam**” or “**Site C**” means the proposed third dam and hydroelectric generating station on the Peace River in northeastern British Columbia;

“**Site C Document Control**” has the meaning set out in Schedule 2 [Design and Construction Protocols];

“**Site Safety Management Plan**” or “**SSMP**” has the meaning set out in Schedule 10 [Safety];

“**Small Tool**” has the meaning set out in Schedule 12 [Changes];

“**Soft Start Stages**” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“**Software**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“**Software-Adjustable**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“**Software Design Plan**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“**Software-Driven Device**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“**Software Meeting**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“**Spare Parts Payment**” has the meaning set out in Schedule 11 [Prices and Payment];

“**Special Cart**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“**Specifications**” has the meaning set out in Schedule 6 [Specifications and Drawings];

“**Speed Deadband**” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“**Speed Error**” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“**Speed Setpoint**” or “**Speed Reference**” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“**Spiral Case Design Pressure**” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“**SPNA**” has the meaning set out in Schedule 11 [Prices and Payment];

“**SSW Request**” has the meaning set out in Schedule 2 [Design and Construction Protocols];

“**Standing**” has the meaning set out in Appendix 6-2 [General Technical Specifications];

- “**Stated Periods**” has the meaning set out in Appendix 6-3 [Turbine Specifications];
- “**Stated Thresholds**” has the meaning set out in Appendix 6-3 [Turbine Specifications];
- “**Stop Work Procedure**” has the meaning set out in Schedule 7 [Environmental Obligations];
- “**Subcontractor**” has the meaning set out in Schedule 2 [Design and Construction Protocols];
- “**Submittal**” has the meaning set out in Schedule 5 [Submittals Procedure];
- “**Submittal Item**” has the meaning set out in Schedule 5 [Submittals Procedure];
- “**Submittal Schedule**” has the meaning set out in Schedule 5 [Submittals Procedure];
- “**Substantial Completion**” has the meaning set out in Schedule 11 [Prices and Payment];
- “**Supine**” has the meaning set out in Appendix 6-2 [General Technical Specifications];
- “**Supply and Delivery Work**” has the meaning set out in Schedule 2 [Design and Construction Protocols];
- “**Supply Quality Management Plan**” has the meaning set out in Appendix 8-2 [Supply Quality Management Plan];
- “**Supporting Role Construction Communications Plan**” has the meaning set out in Schedule 9 [Communications Roles];
- “**Synchronous Condense Mode**” has the meaning set out in Appendix 6-4 [Governor System Specifications];
- “**Tailwater Curve**” has the meaning set out in Appendix 6-3 [Turbine Specifications];
- “**Tailwater Levels**” has the meaning set out in Appendix 6-3 [Turbine Specifications];
- “**TDIF**” means Technical Data and Information Forms;
- “**Technical Data and Information Forms**” has the meaning set out in Schedule 11 [Prices and Payment];
- “**Technical Submittal Schedule**” has the meaning set out in Appendix 6-1 [General Specifications];
- “**Temporary Foreign Workers**” has the meaning set out in Schedule 2 [Design and Construction Protocols];
- “**Testing and Commissioning Work**” has the meaning set out in Schedule 2 [Design and Construction Protocols];
- “**Tetra Tech Report**” has the meaning set out in Appendix 6-1 [General Specifications];
- “**TG**” has the meaning set out in Appendix 4-8 [Interface Requirements];
- “**TG Interface**” has the meaning set out in Appendix 4-8 [Interface Requirements];
- “**TG Interface Completion Delay**” has the meaning set out in Appendix 4-8 [Interface Requirements];

- “**Third Party Guarantee**” has the meaning set out in Schedule 11 [Prices and Payment];
- “**Three Dimensional Drawing**” has the meaning set out in Appendix 6-1 [General Specifications];
- “**Toothed Wheel**” or “**TW**” has the meaning set out in Appendix 6-5 [Generator Specifications];
- “**Toothed Wheel Speed Sensing System**” or “**TW Speed Sensing System**” has the meaning set out in Appendix 6-5 [Generator Specifications];
- “**Total Completion**” has the meaning set out in Schedule 11 [Prices and Payment];
- “**Transmittal**” has the meaning set out in Schedule 2 [Design and Construction Protocols] and Schedule 5 [Submittals Procedure] as the context requires;
- “**Turbine**” has the meaning set out in Appendix 6-3 [Turbine Specifications];
- “**Turbine Model**” or “**Model**” has the meaning set out in Appendix 6-3 [Turbine Specifications];
- “**Turbine Model Test**” has the meaning set out in Appendix 6-3 [Turbine Specifications];
- “**Turbine Model Test Report**” has the meaning set out in Appendix 6-3 [Turbine Specifications];
- “**Turbine Operating Condition**” has the meaning set out in Appendix 6-3 [Turbine Specifications];
- “**Turbine Pit**” has the meaning set out in Appendix 6-3 [Turbine Specifications];
- “**Turbine Pit Maintainable Components**” has the meaning set out in Appendix 6-3 [Turbine Specifications];
- “**Turbine Pit Terminal Panel**” has the meaning set out in Appendix 6-3 [Turbine Specifications];
- “**Turbine Rated Output**” has the meaning set out in Appendix 6-3 [Turbine Specifications];
- “**Turbine Technical Data and Information Form**” or “**Turbine TDIF**” has the meaning set out in Schedule 11 [Prices and Payment];
- “**TW Housing**” has the meaning set out in Appendix 6-5 [Generator Specifications];
- “**Type Test**” has the meaning set out in Appendix 6-2 [General Technical Specifications];
- “**Unit**” has the meaning set out in Appendix 6-2 [General Technical Specifications];
- “**Unit Assembly Complete**” has the meaning set out in Schedule 11 [Prices and Payment];
- “**Unit Control Board**” or “**UCB**” has the meaning set out in Appendix 6-2 [General Technical Specifications];
- “**Unit Equipment Hatches**” has the meaning set out in Appendix 6-2 [General Technical Specifications];
- “**Visitor**” has the meaning set out in Appendix 2-4 [Worker Accommodation Facility Standards];
- “**VT**” has the meaning set out in Appendix 6-6 [Excitation System Specifications];
- “**Warranty Assessment Periods**” has the meaning set out in Appendix 6-3 [Turbine Specifications];

“Weighting Regime” has the meaning set out in set out in Appendix 6-3 [Turbine Specifications];

“Wicket Gate Droop” has the meaning set out in Appendix 6-4 [Governor System Specifications];

“Wicket Gate Leakage” has the meaning set out in set out in Appendix 6-3 [Turbine Specifications];

“Witness Point” has the meaning set out in Schedule 8 [Quality Management];

“Work” means and includes anything and everything required to be done by the Contractor for the fulfilment and completion of the Contract and includes the Supply and the Delivery Work, the Installation Work and the Testing and Commissioning Work;

“Work Area” has the meaning set out in Schedule 10 [Safety];

“Work Area Inspection Form” has the meaning set out in Appendix 4-8 [Interface Requirements];

“Work Area Handover Form” has the meaning set out in Appendix 4-8 [Interface Requirements];

“Work at Height” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“Work Change” means a deletion from the Work, or an addition to or revision of the Work which is within the general scope of the Contract;

“Work Program and Schedule” has the meaning set out in Schedule 4 [Work Program and Schedule];

“Work Site” means the location where the constructed Work is to be finally or permanently located or installed;

“Worker” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“Worker-Adjustable” has the meaning set out in Appendix 6-2 [General Technical Specifications];

“Worker Accommodation Area” has the meaning set out in Schedule 2 [Design and Construction Protocols];

“Worker Accommodation Facility” has the meaning set out in Schedule 2 [Design and Construction Protocols];

“Worker Accommodation Operator” has the meaning set out in Schedule 2 [Design and Construction Protocols];

“WorkSafe BC” has the meaning set out in Schedule 10 [Safety];

“WPP” has the meaning set out in Schedule 10 [Safety]; and

“ZVPU Probe” has the meaning set out in Appendix 6-4 [Governor System Specifications].

Any words or phrases defined elsewhere in the Contract will have the particular meaning assigned to such words or phrases.

2 INTERPRETATION

Except as expressly set out otherwise in the Contract Documents or as the context otherwise requires, the following will apply to the interpretation of the Contract:

- (a) the Contract Documents are complementary and will be read and interpreted together and what is required by any one Contract Document will be deemed to be required by all Contract Documents;
- (b) where there is a reference in any Contract Document to:
 - (i) “Contractor”, it will be read as a reference to “the Supplier”; and
 - (ii) “Issued for Construction” or “IFC”, it will be read as a reference to “Issued for Installation” or “IFI”;
- (c) headings are for convenience and reference only and will not affect the interpretation of the Contract;
- (d) all dollar figures will mean Canadian dollars;
- (e) any notice or communication required or permitted to be given under the Contract will be in writing;
- (f) words importing the singular include the plural, and vice versa;
- (g) words importing gender include all genders;
- (h) where a reference is made to a “day”, “week”, “month” or “year”, the reference is to the calendar period;
- (i) where the date for any delivery or response falls on a Saturday, Sunday or statutory holiday observed in British Columbia, the date for such delivery or response will be extended to the next following day which is not a Saturday, Sunday or statutory holiday observed in British Columbia;
- (j) in the calculation of time, the first day will be excluded and the last day will be included;
- (k) the words in the Contract Documents will bear their natural or defined meaning;
- (l) the word “including” is deemed to be followed by “without limitation”;
- (m) any reference to a statute will include such statute and its corresponding regulations, together with all amendments made to such statute and regulations and in force from time to time, and any statute or regulation that may be passed which has the effect of amending, supplementing or superseding the statute referred to or such statute’s corresponding regulations; and
- (n) the parties confirm that they each have obtained independent legal advice, or elected not to obtain such advice, and accordingly agree that any rule of construction to the effect that any ambiguity is to be resolved against the drafting party will not be applicable in the interpretation of the Contract.

3 PRIORITY OF CONTRACT DOCUMENTS

If there is any inconsistency or conflict between provisions of the Contract Documents, then:

- (a) the order of priority between the Contract Documents, from highest to lowest with the Agreement having the highest priority, is as follows:
 - (i) the Agreement;
 - (ii) Schedule 1 [Definitions and Interpretation];
 - (iii) Schedule 2 [Design and Construction Protocols], excluding [REDACTED]
[REDACTED]
 - (iv) Schedule 6 [Specifications and Drawings];
 - (v) remaining Schedules; and
 - (vi) subject to Section 4 of this Schedule 1 [Definitions and Interpretation], [REDACTED]
[REDACTED]
- (b) except for [REDACTED] an Appendix has the same priority as its respective Schedule;
- (c) drawings of a larger scale have priority over drawings of a smaller scale;
- (d) figured dimensions on a drawing will have priority over scaled measurements on the same drawing; and
- (e) documents of a later date will have priority over the same or similar type of document of an earlier date.
